HONOR PACKAGING

Honor Packaging was founded in 2015. It is located in Ningbo, which is nearby Ningbo and Shanghai Sea port for convenient transportation. We have a joint venture plastic factory and a glass factory, mainly engaged in high-grade plastic packaging products and glass products production and processing. Especially on cannabis packaging. Now we are a professional cannabis packaging solution supplier. We focus on researching, designing and production of child resistant packaging products. With our own mould designer and mould manufacturing factory, we can supply our customers with best quality products and competitive price. All of our plastic injection molding workshop, product assembly workshop and packaging workshop are dust-free, which can ensure the cleanness of the manufacturing process.

GLASS FACTORY

5 production lines	258 workers	30k ~ 50k pcs/ production line	150k ~ 250k pcs/day
