

Company Profile

Yiwu DSP Electric Appliance Co., Ltd. was established in 2006 and is located in Yiwu, China's renowned international trade city. The company is a supplier of a wide range of home appliances, integrating traditional foreign trade with cross-border e-commerce operations. It owns two independent brands: “**DSP**” and “**JAMAKY**.”

Both brands are supported by a professional team covering product design, R&D, quality control, sales, logistics, and after-sales service. The company focuses on the development, manufacturing, and sales of household electrical appliances, offering thousands of product models with a strong emphasis on stable quality, reliable service, and innovative design concepts, as well as modern functionality and aesthetic appeal. Its product categories include:

1. Home and kitchen appliances
2. Personal care products
3. Cookware products

Development Milestones

2006 – The first shop (F3-17161) was opened in Futian Market, Yiwu, marking the establishment of the business.

2010 – The second shop (F3-17147) was opened in Futian Market, Yiwu.

2012 – The trademark “DSP” was registered in multiple countries and regions worldwide.

2014 – The company obtained import and export rights.

2015 – The third shop was opened in Guangzhou.

2016 – The fourth shop (F3-17124) was opened in Futian Market, Yiwu.

2017 – The company officially established two major product lines: personal care appliances and kitchen appliances.

2018 – A Wenzhou division was established, focusing on OEM, ODM production, and online sales.

2019 – Products were exported to six continents, and distribution networks were established in more than 20 countries and regions.

2022 – The company continued to focus on product quality, stable performance, and innovation. The “JAMAKY” brand entered a stage of steady development with improved service capabilities.

2023 – The “JAMAKY” brand launched its personal care product line, further expanding its innovative design direction.

2024 – The fifth shop (F3-17169) under the DSP brand was opened in Futian Market. Existing shops were restructured and expanded into larger operational units to improve service efficiency and customer experience.

2025 – The company expanded its global market presence and strengthened cross-border e-commerce operations across both B2B and B2C channels. Product lines under “DSP” and “JAMAKY” were upgraded with the introduction of smart home appliances and energy-efficient products, continuing the company’s commitment to stable quality, innovative design, and excellent service to meet evolving global demand.

2026 – The company increased investment in product innovation and brand development, promoting intelligent manufacturing and digital supply chain management to improve operational efficiency and product competitiveness. The global distribution network was further optimized through long-term partnerships with international clients, aiming to strengthen its global brand presence in the home appliance industry while maintaining its core strengths of quality stability, service excellence, and design innovation.

Corporate Philosophy

We prioritize product quality and customer satisfaction above all else. By offering reliable products with **stable quality, excellent service, and innovative design concepts** at competitive prices, we are committed to delivering long-term value to global customers.

The “**DSP**” and “**JAMAKY**” brands combine innovation and practicality to enhance the home appliance and personal care experience. Our products integrate functionality with modern design, improving everyday living standards.

Guided by the values of integrity, responsibility, innovation, and teamwork, we continuously strive for improvement and welcome global partners to build a better future together.
