# DIDADI Logistics Tech

headquartered in Shenzhen, China, has been a leader in cross-border e-commerce logistics for over 14 years. We specialize in Amazon order fulfillment, DTC (Direct-to-Consumer) fulfillment, and Door-to-door logistics services, focusing on the European and American markets. At DIDADI, we simplify logistics, serving as a trusted partner to over 3,000 brands. Our focus on simplicity drives us to consistently exceed customer expectations, ensuring efficient and reliable service.

## One Partner, We Take Care of Everything from Start to Finish

### Submit Your Request

- Submit logistics requirements (goods type, quantity, destination, etc.) via our website, phone, or email.
- We will provide customized options for you to choose from, helping you find the most suitable logistics solution.

- We send an official order confirmation and register all details in our system.
- Ensure all necessary documents (e.g., customs, insurance) are properly prepared.

### Confirm and Place Order

### Share Supplier's Information

- Share your supplier's details, and we handle all communication with them to ensure smooth preparation and shipment.
- We manage all supplier-related matters to avoid delays in processing or documentation.

- Receive real-time tracking updates from our customer service
- If issues arise during transit, we proactively notify you and provide solutions.

### Track Your Shipment

### Receive Your Goods

- Ensure on-time delivery in the right condition as agreed.
- Provide a delivery note and assist with any post-delivery inquiries for complete satisfaction.

## E-Commerce Fulfillment Integration

DIDADI seamlessly integrates with top e-Commerce platforms and marketplaces, allowing you to handle all your shipments without any coding
