COMPANY PROFILE

公司简介

致力于PCB产业链**第一品牌**

沃德电路科技（珠海）有限公司自2003年成立以来，始终专注于PCB（印制电路板）和FPC（柔性电路板）的研发与生产，凭借40余项专利技术，成为行业内的领先企业。公司产品线丰富，涵盖铝基板、铜基板、双多层线路板、连续无限长FPC板等，广泛应用于室内外照明、汽车照明、新能源、工业电源等领域。

沃德科技注重技术创新与品质管理，引入了先进的生产设备，并通过了ISO9001、ISO14001和

IATF16949等国际认证，确保产品符合UL、RoHS和REACH标准。凭借过硬的产品质量和完善的服务体系，公司已为全球30多个国家的1000余家客户提供了优质解决方案，赢得全球多行业多家知名品牌的认可。

未来，沃德科技将继续秉持“创新驱动、品质为本、服务全球”的理念，持续深耕PCB与FPC领域，为客户提供更高性能、更可靠的电路板产品，与行业伙伴携手共创辉煌，推动全球科技产业的持续发展。

TO BE THE LEADING BRAND OF PCB SUPPLY CHAIN

Since its establishment in 2003, WODE Circuit Technology (Zhuhai) Co., Ltd. has always been focusing on the research, development and production of PCB (Printed Circuit Boards) and FPC (Flexible Circuit Boards), and has become a leading company in the industry with more than 40 patented technologies. We have a wide range of products, Alu-based PCB, copper based PCB, double and multi-layer PCBs, Reel to Reel FPCB, etc., which are widely used in indoor and outdoor lighting, automotive lighting, new energy, industrial power supply and other fields.

Focusing on technological innovation and quality management, WODE Technology has introduced advanced production equipment and passed international certifications such as ISO9001, ISO14001 and IATF16949 to ensure that its products comply with UL, RoHS and REACH standards. With excellent quality and perfect service, We have provided high quality solutions for more than 1000 customers in more than 30 countries around the world, and won the recognition of many famous brands in many industries around the world.

In the future, WODE Technology will continue to uphold the concept of “innovation-driven, quality-oriented, global service”, and continue to plough into the field of PCB and FPC, to provide customers with higher performance, more reliable circuit board, work hand in hand with industry partners to create a brilliant future and drive the continuous development of the global technology industry.

站在科技与创新的浪潮之巅，珠海沃德电路科技有限公司秉持“创新驱动、品质为本、服务全球”的理念，深耕电子电路领域二十余载。值此画册付梓之际，我谨代表公司向长期信赖我们的客户、并肩前行的合作伙伴，以及每一位坚守匠心的沃德人，致以由衷的感谢！

自创立以来，沃德电路始终将技术创新视为发展命脉。始终专注于PCB（印制电路板）和FPC（柔性电路板）的研发与生产，从消费电子到汽车电子、工业电源等领域，我们以国际领先的工艺标准与智能化生产体系，为客户提供“高精度、高可靠、高效率”的产品服务。每一次技术突破、每一份客户认可，都印证了沃德人“以品质立身，以创新致远”的信念。

面对全球产业链的变革与挑战，我们深知：唯有坚守初心，方能行稳致远。未来，沃德电路将持续聚焦智能化升级与绿色制造，深化产学研合作，以更开放的姿态拥抱全球化机遇，致力成为全球电子电路领域的标杆企业。

期待与您携手，共绘科技智造的新蓝图！

Standing on the top of the wave of technology and innovation, WODE Circuit Technology(Zhuhai) Co., Ltd. has been plowing into the field of electronic circuits for more than 20 years, adhering to the concept of "innovation-driven, quality-oriented, and global service". On the occasion of the publication of this catalogue, on behalf of the company, I would like to extend my heartfelt thanks to our customers who have trusted us for a long time, our partners who have been working side by side, and each and every one of the WODE people who have been persisting in their craftsmanship.

Since its inception, WODE Technology has always regarded technological innovation as the lifeblood of development. We always focus on the development and production of PCB (Printed Circuit Board) and FPC (Flexible Printed Circuit Board), from consumer electronics to automotive electronics, industrial power supply and other fields. We provide customers with high-precision, high-reliability and high-efficiency product services based on international leading industrial standards and intelligent production systems. Every technological breakthrough and every customer recognition confirms the belief of WODE's people that "quality is the foundation, and innovation is the key to success".

In the face of changes and challenges in the global industrial chain, We are well aware that only by adhering to our original aspiration can we go further and further. In the future, WODE Technology will continue to focus on intelligent upgrading and green manufacturing, deepen the cooperation between industry, academia and research, embrace globalization opportunities with a more open attitude, and strive to become a benchmark enterprise in the field of global electronic circuits.

We look forward to working with you to draw a new blueprint for technology and intelligence!

Honors

We hold the top market share in the Aluminum-based PCB industry and has been awarded the Famous Trademark of Guangdong Province

2018年

产品线发展

成立子公司欣兴旺，生产柔性覆铜板，次年成立子公司航能，生产柔性线路板

Business expanded

Set up the subsidiary named XXW producing the flexible copper clad laminates and the next year established Hangneng making the double sided FPCB

2023年

江西新生产基地建成，占地8.5万平方米，开始生产、投产双面硬板、膜材等

The new production base in Jiangxi was completed, covering an area of 85,000 square meters, and started to produce double-sided Rigid PCB and membrane materials

2009年

公司搬迁扩厂

搬迁至珠海，成立珠海市沃德科技有限公司，设立第一条自行设计的线路板自动生产线

Technology breakthrough

Moved to Zhuhai city and changed nameto WODE, Set up first automatic production line which invented by WODE Team

2014年

产品线发展

成立贝格特，生产铝基覆铜板

Business expanded

Set up the subsidiary Begete producing the aluminum based copper clad laminates

2022年

珠海新生产基地顺利投产，建筑面积约5万平米

The new production base in Zhuhai, with a floor area of about 50,000 square meters, was successfully put into operation

管理以人为本·合作创造价值

Management is people-oriented. Cooperation creates value

沃德科技崇尚“管理以人为本，合作创造价值”的管理信念，不断强化管理能力。凭着激励自己、挑战现实、创一流企业、追求卓越创一流优质产品、一流服务，我们努力开拓市场，扩大生产据点为目标。创造永续经营能力，共享经营成果。

WODE Technology uphold the belief that management should be people-oriented and that value is created through cooperation by motivating ourselves, challenging the reality, creating a first-class enterprise, pursuing first-class quality products and services, we strive to expand the market and increase production bases. We aim to create sustainable business capabilities and share the business achievements.
