### UV Single Pass Packaging Printer

For printing on non-woven bags, PVC PET decorative panels sheets, films, and other goods uv single pass fast speed printing.  
Also support Roll to Roll material printing as demand.  
It can equip Epson i3200 Model s Nozzles, and Seiko RC1536 Printheads, Epson S3200 Printheads as customized.

## Nebula-62F Printer

### Color Gift Box Cardboard Printer

For printing on cardboard Rolls, and die-cutting printing solution.  
Color carton box customization packaging applications.  
620mm printing width.

## Falcon-491S Printer

### Mini Desktop Packaging Printer

For start-up printing business, paper bags, pizza box, coffee bags single pass printing  
Media width 400mm, printing width 210mm to 250mm.

## Viper-391S Label Printer

### Sticker Label R2R A3/A4 Printer

For printing on adhesive sticker rolls, and die-cutting & waste removal solution in one.

## Alpha-Jet UV Printer

### Multi-functional A2 UV Printer

For printing on all flat materials, like pens, phone case, PVC cards, canvas, glass, acrylic, etc. Rotary jig acceptable.  
420 \* 600 mm flatbed uv white +color +varnish printer

## Nexus-350J

### UV label all in one machine

For roll label stickers digital white color uv ink printing, special effect foil film lamination, label digital die cutting, waste removal, slitting all function in one machine.

## Viper-391S Pro

### Pagewidth R2R Label Printer

High speed sticker label rolls single pass printing machine. speed up to 20 m/min. A3 A4 pagewidth digital label stickers roll to roll printer, VAD Barcodes printing support.

## Vesa-830A

### UV Inkjet Label R2R Printer

UV roll to roll digital printing machine. Supply die cutting machine together. White color sticker, BOPP PET PP PVC rolls films digital printing.

## Core Products

## Cobra-691S Max

### Wide paper bag printer

300 ~ 900 MM wide max feeding and printing. For paper bags, cup fans, coffee bags, pizza box, cardboards single pass digital printing. With auto feeding system and rectify functions in one machine

## Cobra-691S-B

### Book edge single pass printer

For book edge and notebook edge customization design printing machine. Dual belts dual motor deliver books and notebooks stable. Fast printing production.

## Acaleph-891S e

### UV Single Pass Digital Printer

For non-woven bags, PET PVC panels printing, mainly used in packaging bags and decoration industrial material printing. Support Ricoh, Toshiba, Epson, Konica, Seiko nozzles.

## Acalesh-891S Side

**UV single pass container side printer**

For cups, bubble tea containers, takeaway containers side fast printing. One second single pass digital printing machine. 3000 pcs printing/hour.

## S350 Jetpress Printer

**UV Single Pass R2R IML Printer**

UV single pass roll to roll printing machine. 50 m/min fast IML label printing. Support BOPP PET PP films rolls white and color high precision printing. 350MM printing width. CCD camera for auto calibration and quality check.

## Cobra-1815S 1209S

**Wide Corrugated Digital Printer**

For delivery packaging industrial material printing. Fast printing corrugated and honeycomb boards printing on demand. support 122 cm 150cm valid printing width.

## Hydra-360S

**Desktop Digital Cylinder Printer**

UV single pass digital printer for cylinder bottles printing. One minutes customization printing bottles, cups, cylinder products. White color varnish in one printer, support 3D embossed effect printing

## Galaxy-Jet X / Max

**A1 6090 9060 UV flatbed printer**

UV inkjet flatbed printer, support Epson F1080/XP600/i3200 printheads, Ricoh G5i high-drop printheads types. support flatbed, cylinder printing. Optional CCD AI assistant location printing system.

## Ark-Jet UV Printer

**2513/1313/1316/2030/3325 Large Format UV Flatbed Printer**

UV inkjet flatbed printer, support Epson F1080/XP600/i3200 printheads, Ricoh G5/G6, Toshiba, Seiko, Konica nozzles. Large flatbed digital uv printer. Optional CCD AI assistant location printing system.
