About Us

Tangshan Houfengyuan Import and Export Co., Ltd. is located in Tangshan City, widely recognized as the ceramic manufacturing hub of Northern China. We specialize in the manufacturing of bathroom sanitary ware, including toilets and wash basins. Our products are exported to more than 80 countries and regions worldwide, and we provide professional OEM and ODM services.

The factory covers an area of approximately 600,000 square meters and operates more than 300 advanced production lines. Equipped with two tunnel kilns and two shuttle kilns, our annual production capacity reaches approximately 3.5 million pieces. Supported by modern manufacturing equipment and a strong technical team, we maintain independent design and development capabilities. Our production technology and process control are strictly implemented in accordance with national and international standards.

We have obtained ISO 9000 quality management system certification, Water-Saving Label certification, as well as multiple international certifications including US UPC, Canadian CSA, Korean KS, Australian SAL, and European CE. Our products are primarily supplied to markets in the United States and Canada, Europe, Australia, South Korea, and other international regions.

Currently, the company employs a team of experienced senior technicians, molding engineers, and designers, supported by a strong research and development department. We place strong emphasis on continuous innovation, introducing new products to the market every year. In addition, we maintain regular communication and visits with our customers to provide more effective sales support and service solutions.

Quality is our culture. "Meeting customer requirements and creating value for our customers" is always our top service principle. Through full-process management covering production, quality control, and logistics, we ensure stable product quality and reliable delivery schedules. We warmly welcome customers from around the world to contact us or visit our factory.
