

Company Profile

Suzhou Ecod Precision Manufacturing Co.,Ltd. is a leading CNC machining company, specializing in providing high quality precision machining services. With a commitment to excellence and cutting-edge technology, we have become a trusted partner for our customers seeking precision components in all industries. We are equipped with advanced 3 axis, 4 axis and 5 axis precision machining center, capable of processing complex and precise parts, can meet the full range of customers from sample production to mass production. And our CNC processing services cover a number of industries, including aerospace, medical, energy and so on.

Certification

ISO9001

AS9100D

Contact

Address:

No.151, Huashan Road, SND, Suzhou, China

What can we do?

Suzhou Ecod Precision Manufacturing Co.,Ltd.

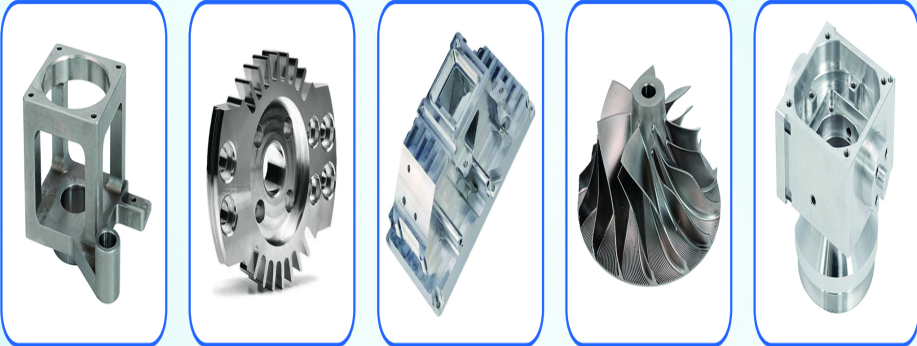

Product Types

Ecod can flexibly use a variety of raw materials to meet customers' requirements for material characteristics and performance of various projects and provide highly customized solutions.

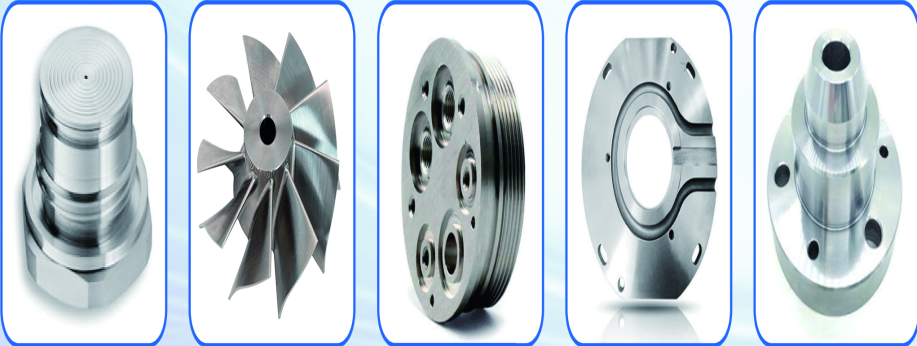

Aluminum Materials

Stainless Steel Materials

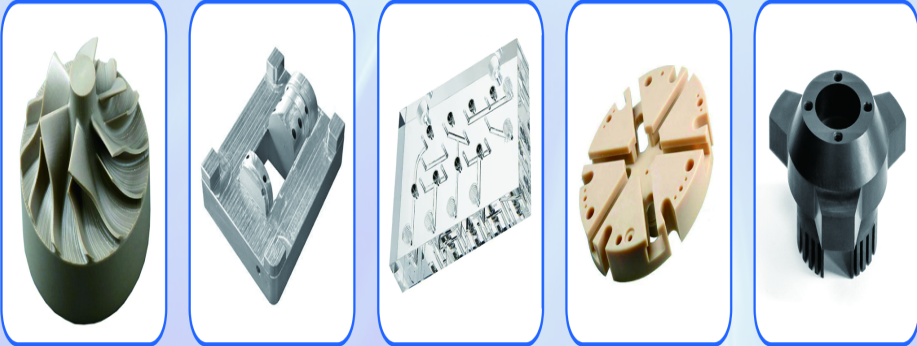

Titanium Materials

Brass Materials

Plastic Materials

Advanced Equipment

Ecod is equipped with advanced CNC equipment capable of producing precise tolerances, complex shapes and great precision.

Inspection equipment list ▼

Test Equipment	Brand	Quantity	Precision	Specification
Coordinate Measuring Machine/CMM	Zeiss	1	2.8μm+4L/1000mm	1000*1500*800mm
Optical image measuring instrument	兆丰	3	X、Y线性: 2.5μm+L/250mm	500*400*200mm
One-touch image size measuring instrument	基恩士	4	±0.001mm	200*200*30mm
Height Gauge	TESA	5	2.5μm+4L/1000mm	0~700mm
Height Gauge	三丰	5	2.8μm+5L/1000mm	0~600mm
RoHS Test machine	天瑞	2	1ppm	550*416*333mm
Programmable salt spray testing machine	澳博	3	±2℃	500*500mm
Roughmeter	三丰	5	±0.05μm	0~12.5mm
Colorimeter	彩谱	1	△E重复性≤0.08	L* : 1~100
Leeb hardness tester	TIME	4	±6HLD(HLD=760时)	(170~960)HLD (17.9-69.5)HRC
Hand-held digital Tesla meter	天恒	4	±1%	0~2400mT
Surface resistance tester	DS	2	±5%	103~1012Ω

Full ranges of Measuring tools

Depthometer
Inside/Outside micrometer
Screw plug/ring gauge
Smooth limit plug gauge
Calliper
Pin gauge
(full ranges of 1.0~10.0, gap 0.01mm)
