ABOUT US

Dongguan Yuaoheng Electronic Technology Co., Ltd. is a professional manufacturer integrating R&D, production and sales of smart consumer electronics. We focus on three core product lines: dash cams, smart video doorbells and action cameras.

Adhering to the customer-oriented principle, we deliver reliable, cost-effective smart hardware products. All our products have passed FCC, CE, RoHS international certifications, fully compliant with global market access standards. Our products are well sold in more than 15 countries and regions worldwide, winning wide recognition and trust from global clients.

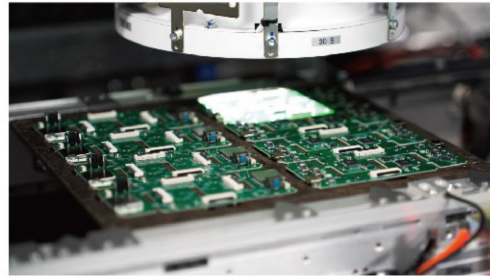

We own a 1500 m² standardized factory in Dongguan, equipped with mature production lines and strict full-process quality control, ensuring stable capacity and fast delivery. With professional R&D capabilities based on mainstream chip solutions, we support efficient product iteration and provide customized OEM & ODM one-stop services to meet diverse market demands.

We strive to be your reliable long-term partner in the smart hardware industry with premium quality, competitive pricing and considerate service.
