

Company Profile

Zhejiang Kelee Technology Co., Ltd. (hereinafter referred to as "Kelee") was established in 1999. Over the past 25 years, Kelee has developed into a comprehensive enterprise located in Chi'an Industrial Park, Chi'an Town, Yiwu City, Zhejiang Province, PRC covering an area of 18,000 square meters, integrating R&D, production, and sales. Kelee has a top-notch independent R&D lab, superb manufacturing technology, 100,000-level dust-free workshop, modern assembly line, and an outstanding sales team.

As a leading enterprise and pioneer in laundry and household cleaning sheets, Kelee is one of the organizations responsible for formulating the national standards for laundry sheets. Kelee has been recognized as a "National High-tech Enterprise," and Kelee's founder has been awarded a membership of the National Surface Active Agent and Detergent Standardization Technical Committee by the National Standards Management Committee.

Kelee has strong R&D capabilities and has long-term recruitment of international experts. Currently, Kelee has 3 design patents, 12 utility model patents, and 2 invention patents. The invention patents include the formula and manufacturing method for instant cleaning sheets and the automatic processing machine for cleaning sheets. Kelee's products have passed rigorous tests by SGS, TUV, Intertek and CNAS. Kelee has passed various factory inspections & audits.

After 20+ years of development, the company has formed its own unique brand advantages and reputation in the industry. Kelee is committed to bringing more convenient and eco-friendly cleaning products to more consumers, thereby further improving the life quality and convenience of the public. We strive to provide exceptional products and services that meet your needs and exceed your expectations.

Thank you for choosing us as your trusted business partner.
We are excited to work with you and contribute to your success.
