

HIGH QUALITY BALL VALVE

MANUFACTURER

ZHEJIANG DICO VALVE CO., LTD.

Provide high-end fluid ball valve solutions

www.dicovalve.com

GO COMPANY

使命

做好人 造好阀

愿景

**争创一流名牌
走向共同富裕**

价值观

以人为本 创新发展

以人为本

尊重人的价值，开发人的潜能，
升华人的心灵，关爱和善待员工、
为员工构建价值实现的平台，
共享发展成果。顺应并满足员工
的合理需求，倡导积极向上、
绿色健康的生活方式，

为客户提供优质的产品与服务。
心怀感恩，谦卑行事，
强调均衡与可持续发展，
追求多方合作共赢。

创新发展

大力培育创新体系，健全激励机制、
约束机制和容错机制，营造开放包
容的氛围，持续提升创新能力。

顺时应势，主动变革。坚持客户导向，
勇于颠覆自我，不断寻求商业模式、
技术、管理、产品与服务的全新突破。

鼓励创新思维，坚持持续学习，
善于借鉴先进模式、经验与方法，
实现创新在基层，创新在岗位，
人人创新、全员创新。

Company Profile

COMPANY INTRODUCTION

Zhejiang Dico Valve Co., Ltd. is a China based valve manufacturing company - a specialist in ball valves since 2015.

Dico has fully implemented standardization, and digital management, and has obtained management system certifications such as API607, ISO9001, ISO45001, ISO14001, CE, TS, SIL3 etc...

Dico serves and provides valve automation solutions for a wide spectrum of global industries, namely - Chemical, Oil & Gas, Pharmaceuticals, Aerospace, Breweries, Offshore, Food & Beverages, Drainage Treatment, Water Management etc..

We aspire to be the innovator and leader in valves and valve automation products catering to global industries.

PRODUCING GOOD VALVES MAKE UP THE DICO BRAND

Development History

2015

Dico brand was established

2016

Obtain self-operated export rights

2017

Became a larger enterprise

2018

Passed ISO9001 certification

2019

Adopted ERP sales system

2020

Passed TS, CE, SIL, API certification

2021

Introduced lean management
Project training
Established quality control department

2022

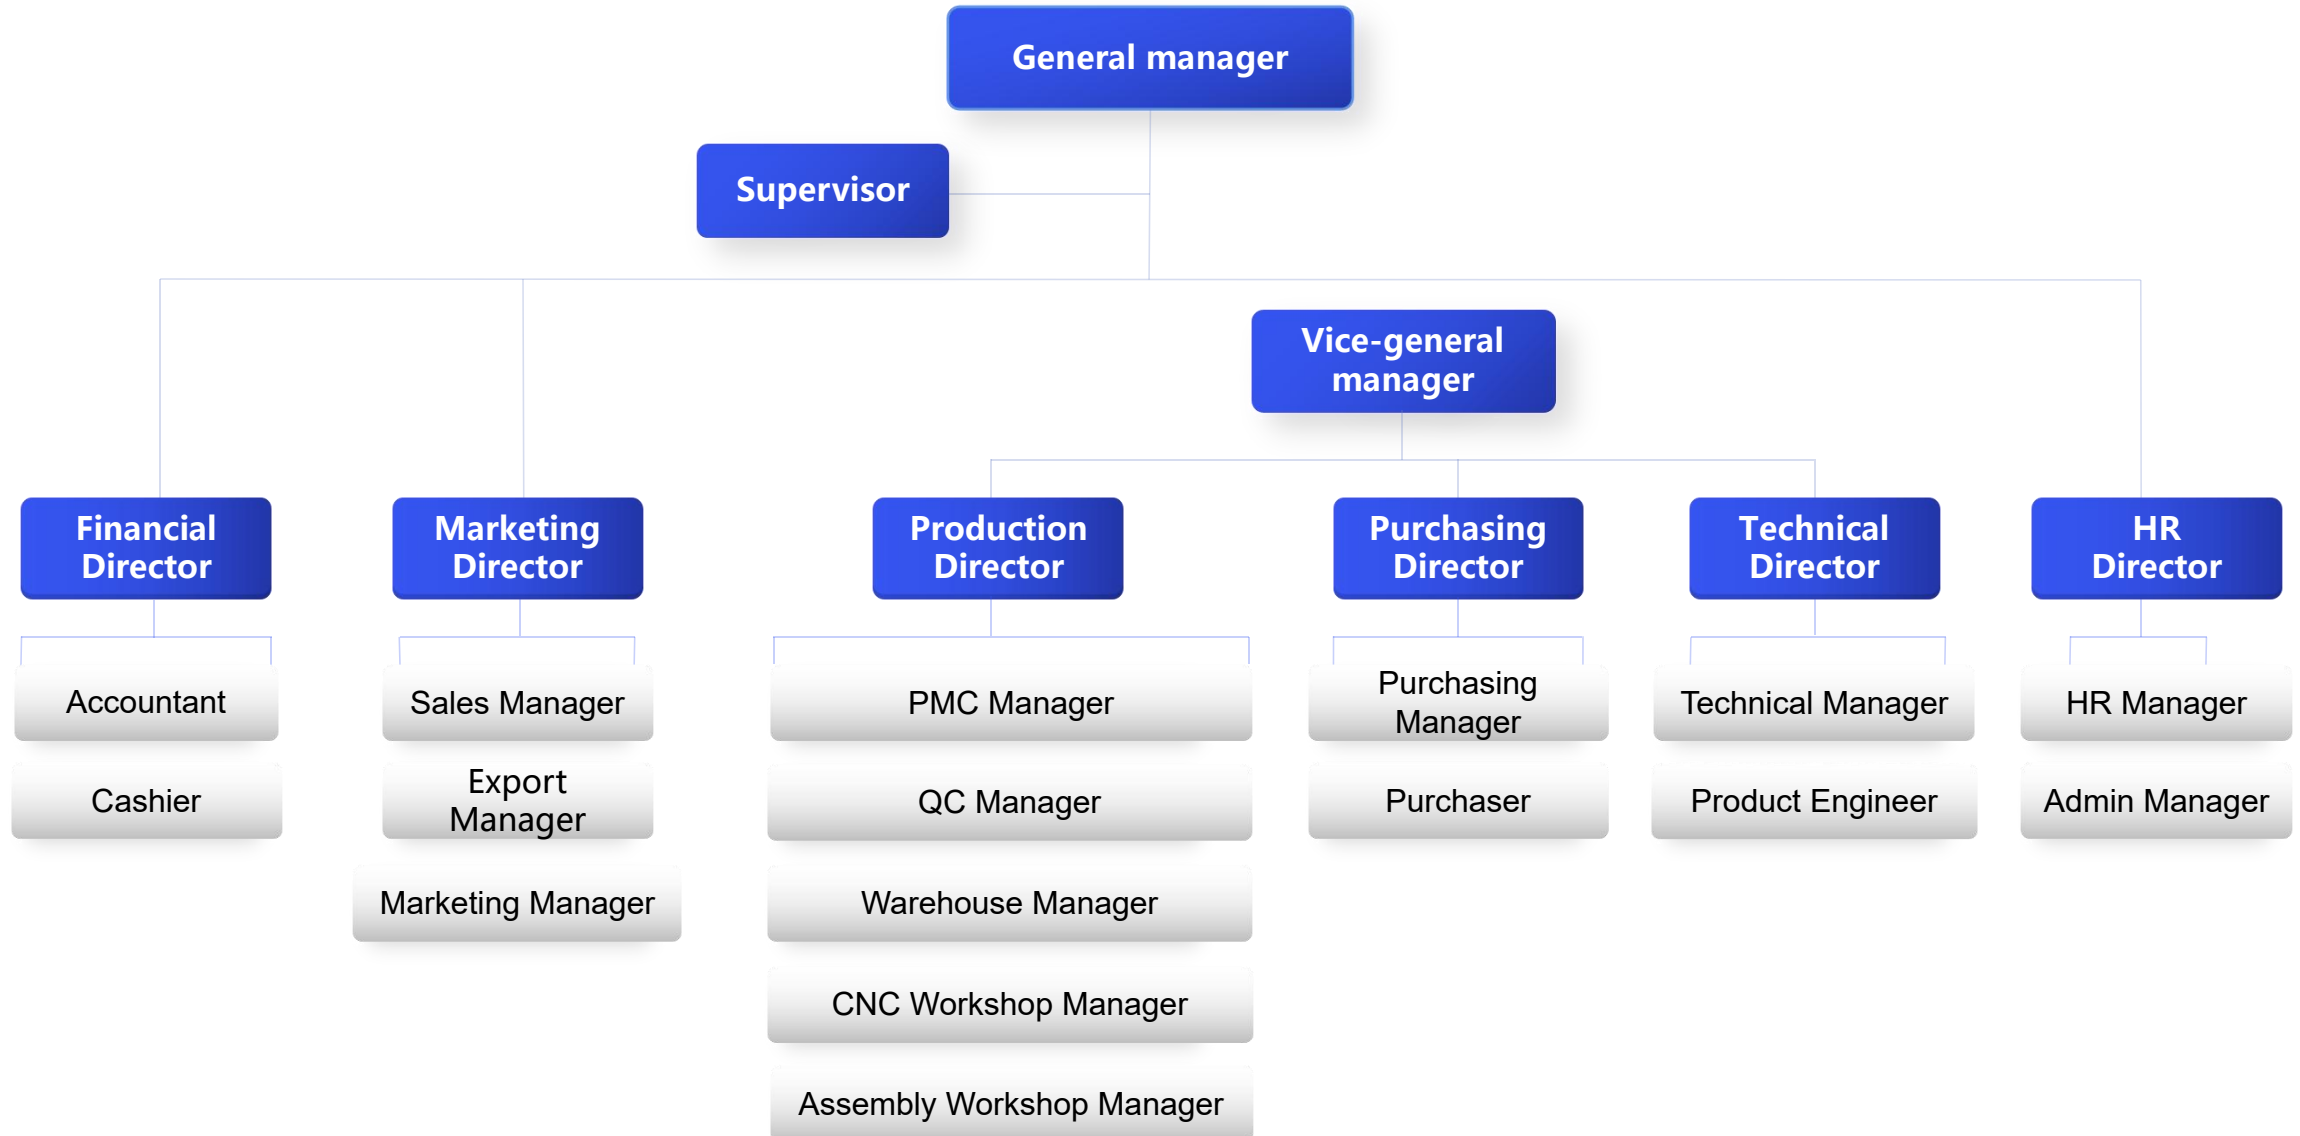

Adopting ERP production system to complete digital management

2023

Do a good job in internal strength and ensure quality

Relocated to new building, doubled production capacity

Organization

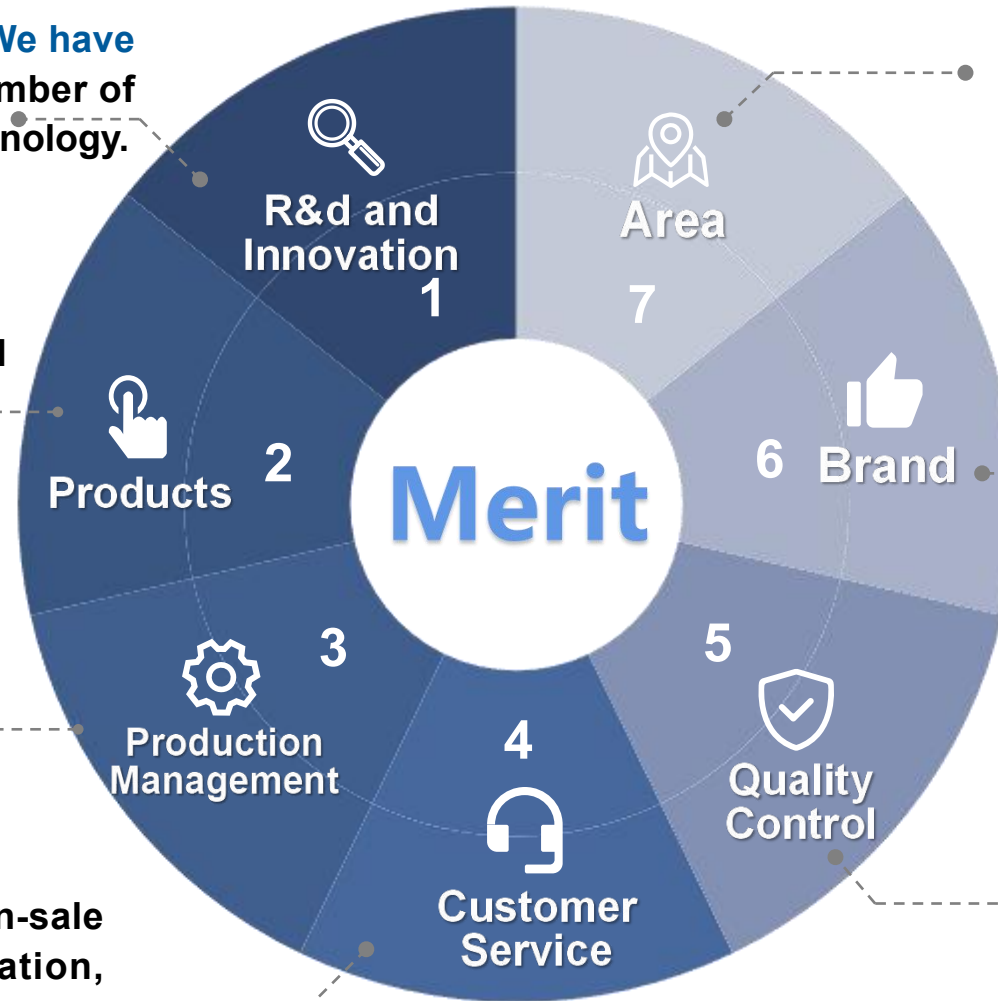

Core Advantages

Adhere to independent research, **We have a number of patents**, master a number of series of products of the core technology.

We have a wide range of products and applications, such as regulating valves, electric/pneumatic valves.

Digital management, intelligent production and data management

Pre-sales technical support, in-sale customer service communication, after-sales maintenance training.

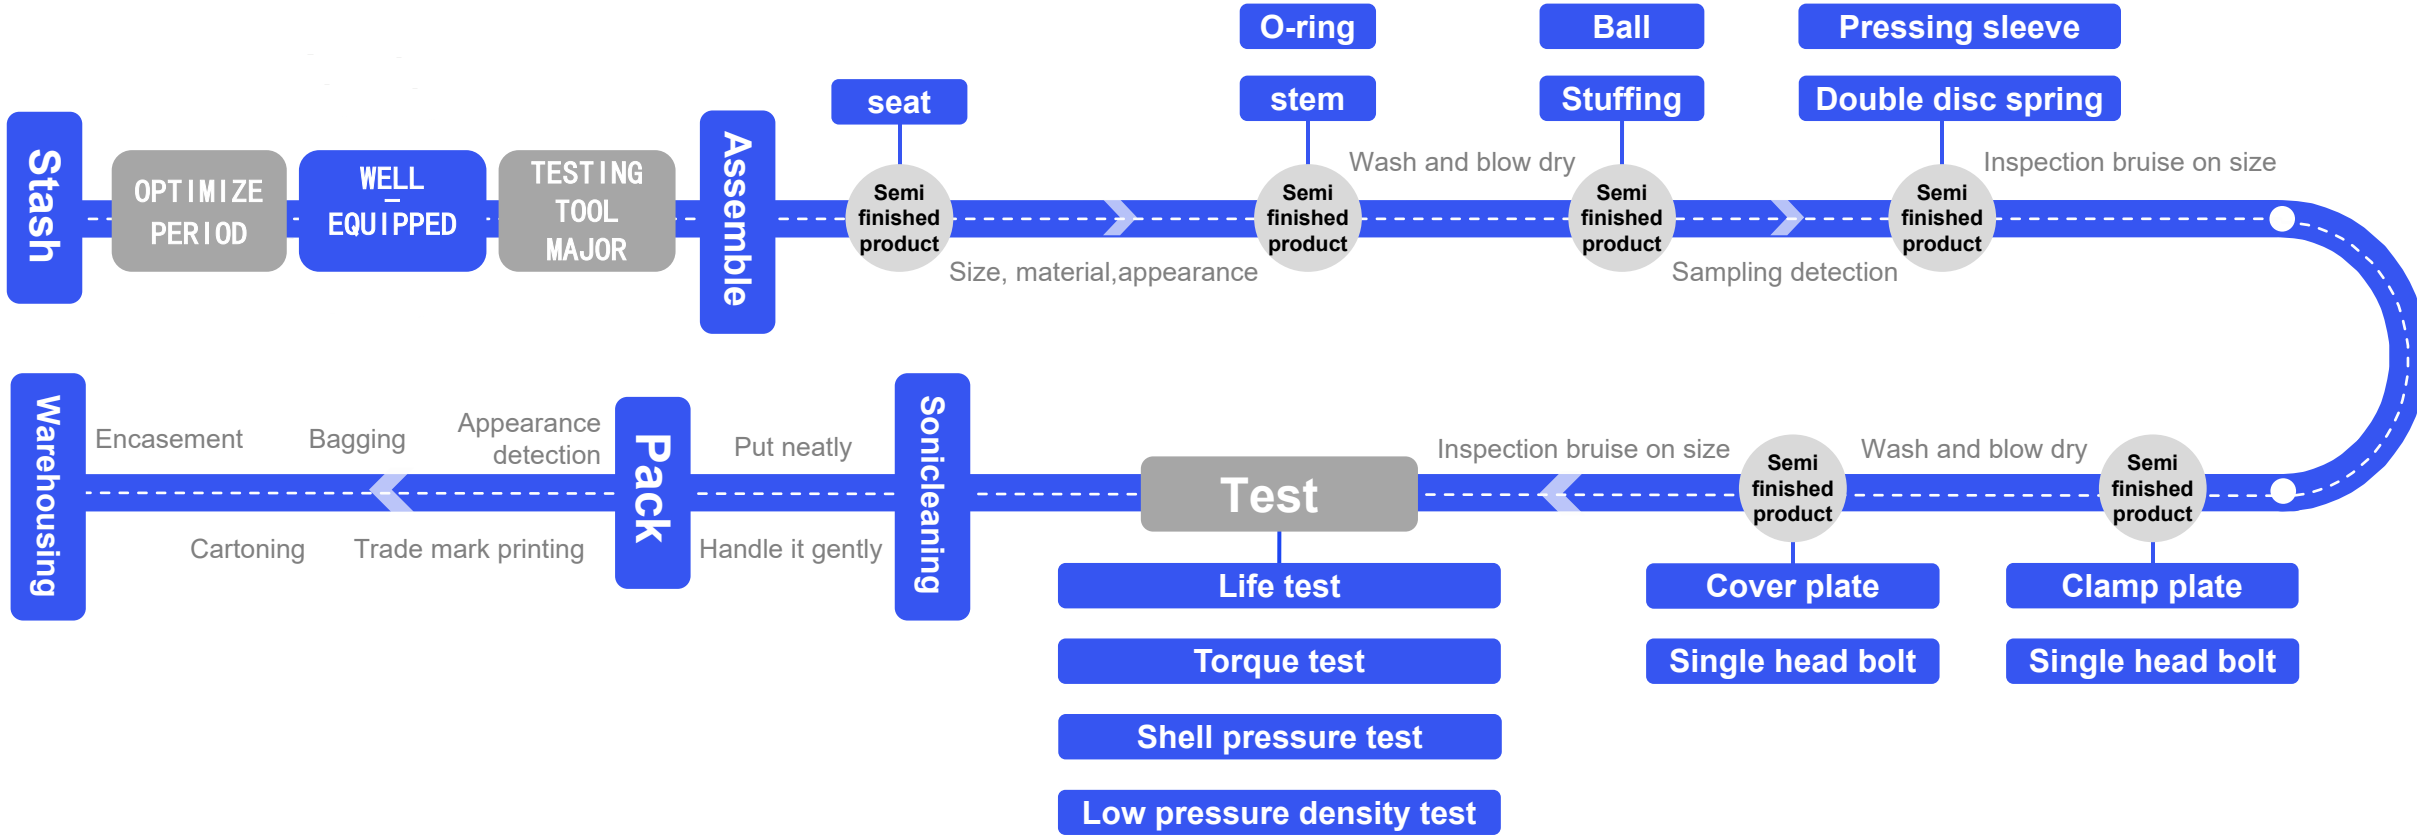

Located in Wenzhou, the "**hometown of China's valves**", we have a complete and mature valve industry chain.

With a number of international well-known enterprises to establish long-term supporting cooperative relations.

Strictly implement **quality management system standards**, implement project rectification, process supervision, result verification and management plans.

Production Process

Product production line

After-Sales Service

18 MONTHS WARRANTY

Quality problems would rather be replaced than repaired

WORRY-FREE AFTER-SALE SERVICE

One-on-one technical support

QUALITY ASSURANCE LONG TERM SERVICE

Transaction is just the beginning
Service has no end

LONG TERM MAINTENANCE

After the warranty period, in case of any quality issues, maintenance will only incur maintenance costs and labor fees

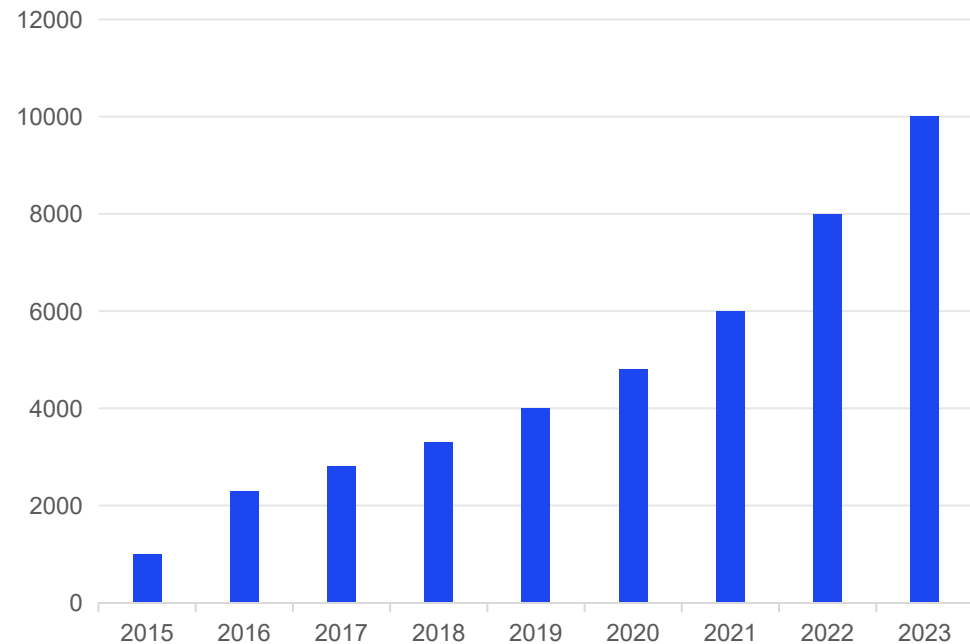

60 DAYS FREE STORAGE

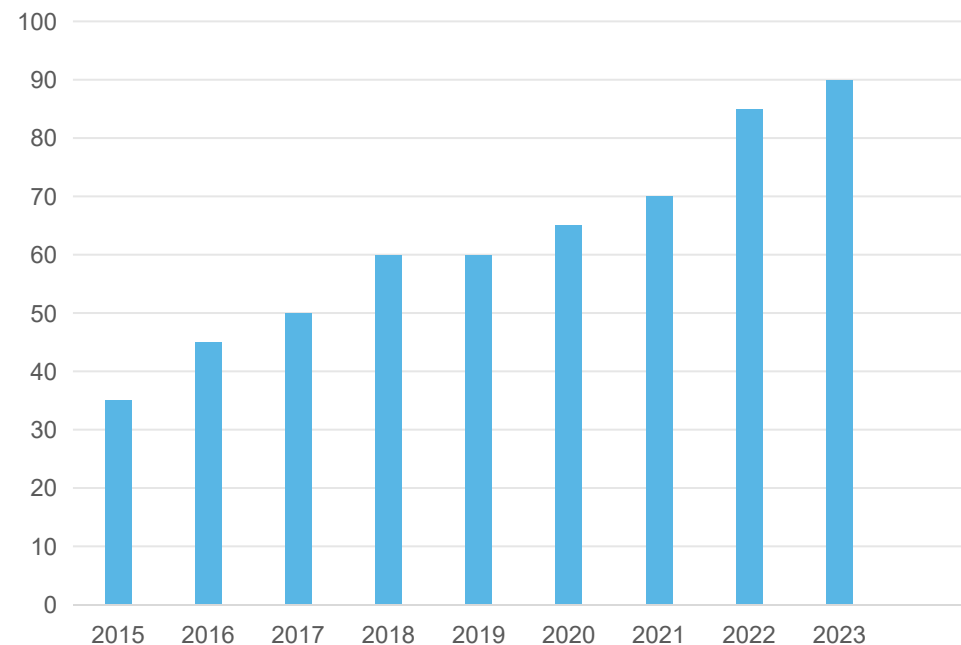

60 days of free warehousing to help with storage issues

Product Introduction

METAL SEAT BALL VALVE SERIES (TRUNNION/FLOATING BALL)

- **High temperature and high pressure resistance, wear resistance, corrosion resistance;
Good sealing performance, long life, wide range of application**

- **Size:** DN15-200/NPS1/2-8

- **Seat:** Integral seat ring

- **Class:** PN10-64/CLASS150-900

- **Ball:** WC, STL, Ni60

- **Material:** WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

Soft seat ball valve series (trunnion/floating ball)

**Low fluid resistance, quick opening and closing;
Good sealing performance, high safety and reliability**

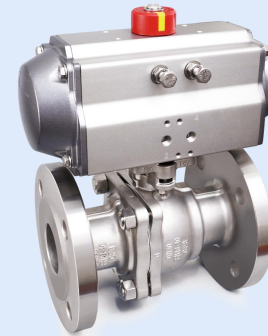

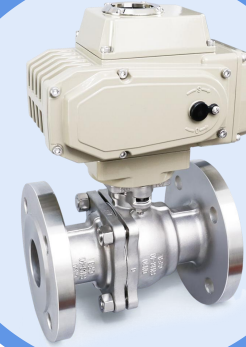

Size: DN15-200/NPS1/2-8

Seat: PTFE/PCTFE/PPL/RPTFE/PEEK ...

Class: PN10-64/CLASS150-900

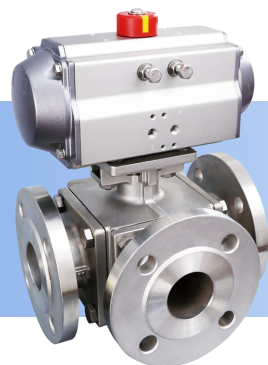

Actuator: PNEUMATIC /ELECTRIC

Material: WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

Product Introduction

3-WAY BALL VALVE SERIES

Torque balance, Taiwan quality; Silica sol precision casting, explosion-proof valve stem

Size: DN15-200/NPS1/2-8

Seat: PTFE/PCTFE/PPL/RPTFE/PEEK/Metal seat

Class: PN10-64/CLASS150-900

Actuator: PNEUMATIC/ELECTRIC/MANUAL

Material: WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

3PC BALL VALVE SERIES

Silica sol casting, exquisite shape; Digital, intelligent factory

Size: DN8-100/NPS1/4-4

Seat: PTFE/PCTFE/PPL/RPTFE/PEEK

Class: 1000WOG/2000WOG

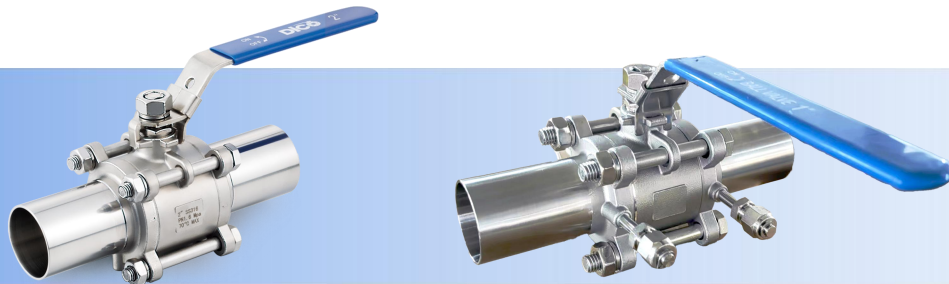

Actuator: NPT/BSPT/BSP /BW/SW

Material: WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

Product Introduction

SANITARY BALL VALVE SERIES

Polished, Non-oil degreasing

Size: DN15-200/NPS1/2-8

Seat: PTFE

Class: PN16

Actuator: BW

Material: CF3,CF3M.....

Product Introduction

THREAD BALL VALVE SERIES (MANUAL OPERATION)

- Silica sol casting, exquisite shape; Digital, intelligent factory;
Ensure product standardization and scale

- **Size:** DN8-100/NPS1/4-4

- **Seat:** PTFE/PCTFE/PPL/RPTFE/PEEK

- **Class:** PN10-64/1000WOG/2000WOG

- **Actuator:** NPT/BSPT/BSP /BW/SW

- **Material:** WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

Gate/globe valve series

High temperature and high pressure resistance,
wear resistance, corrosion resistance;
Good sealing performance, long life, wide range of application

Size: DN15-50/NPS1/2-2

Thread: NPT/BSPT/BSP

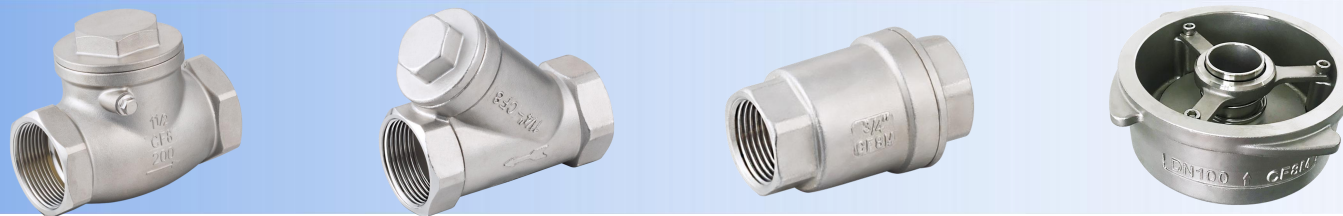

Class: 200WOG

Material: WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

Product Introduction

CHECK VALVE Y-STRAINER SERIES

■ High temperature and high pressure resistance, wear resistance, corrosion resistance;
Good sealing performance, long life, wide range of application

■ **Size:** DN15-100/NPS1/4-4

■ **Thread:** NPT/BSPT/BSP

■ **Class:** PN10-40/200WOG/800WOG

■ **Material:** WCB,LCB,LCC,CF8,CF3,CF3M,CF8M,CD3MN...

Efficient Inventory Management

2000M² OF
STORAGE
AREA

20 million inventory

The rough inventory of conventional products is maintained at a value of 20 million all year round to ensure stable delivery times.

98% accuracy

Using one item, one code, 98% warehouse data accuracy rate, Enable efficient inventory tracking, storage and retrieval

1st FLOOR

CNC machining workshop

- 48 CNC equipment
- digital production manage

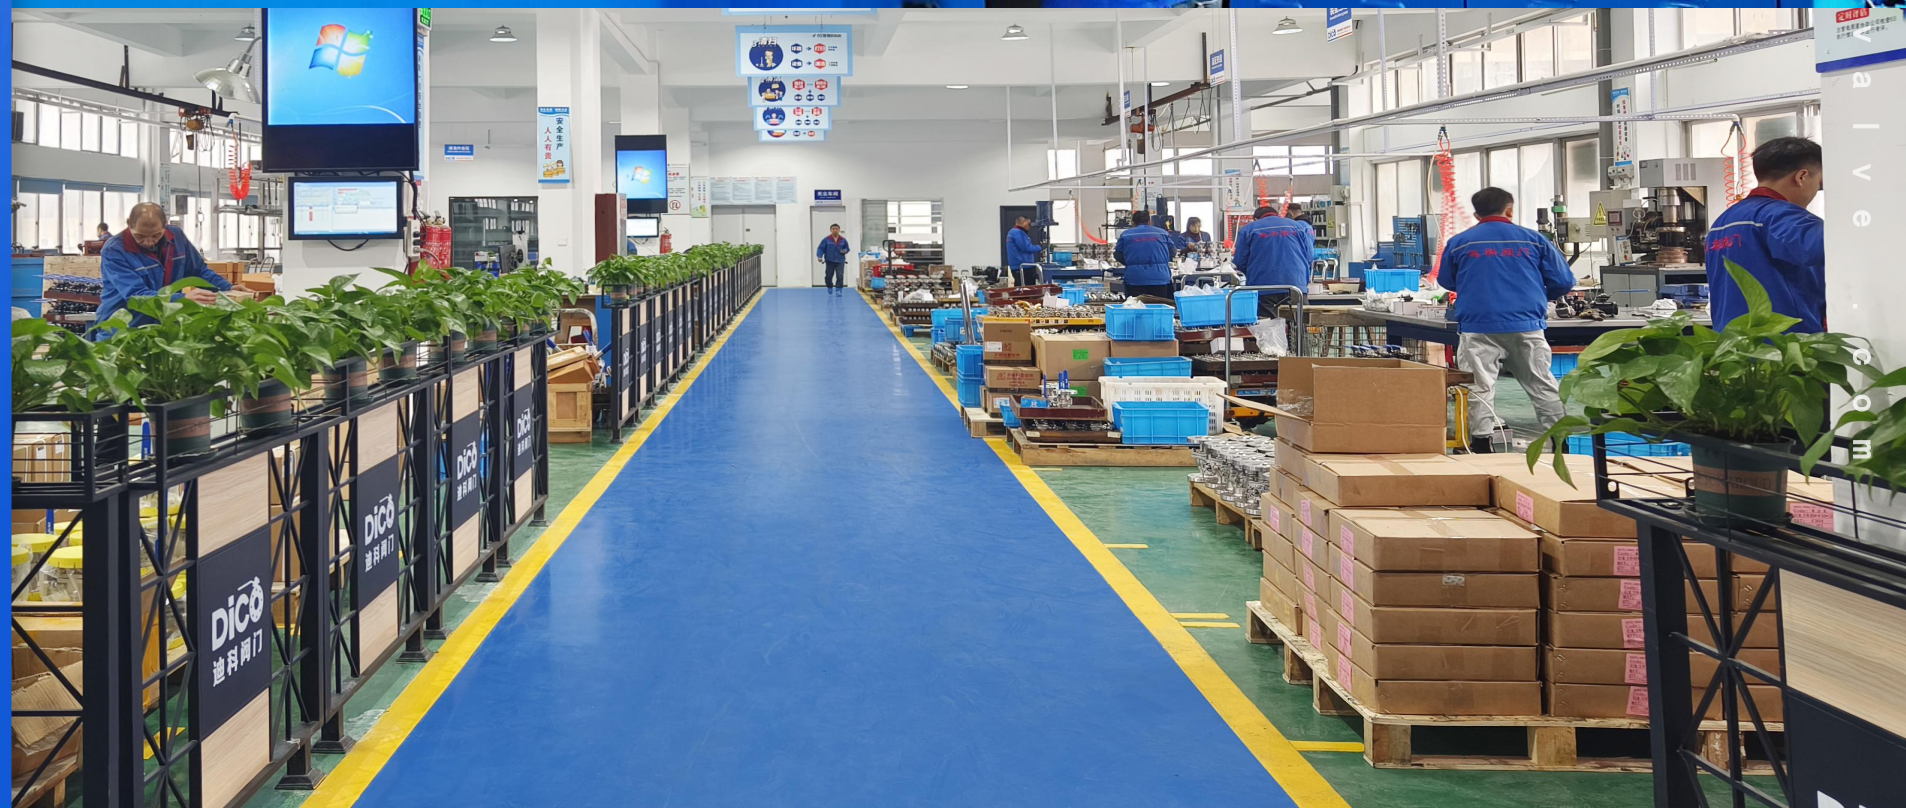

2nd FLOOR

Assembly and testing workshop

→ 5 assembly units

→ Clean the pressure test area

3rd FLOOR

warehouse

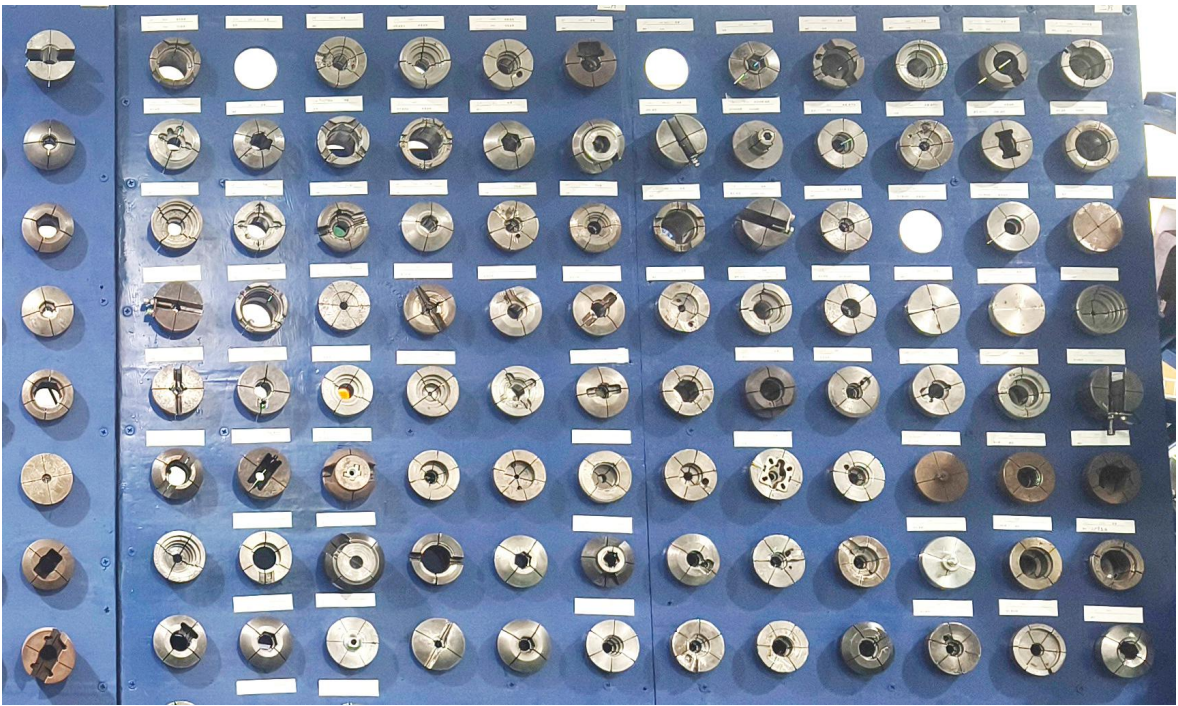

- ➔ More than 20 million inventory
- ➔ 98% warehouse data accuracy

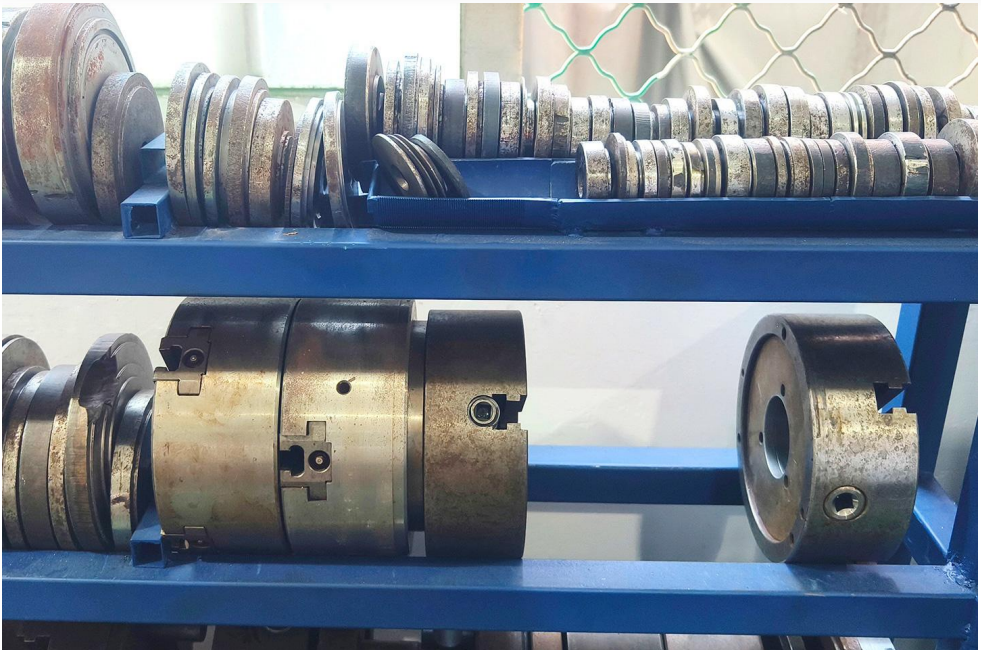

Clean room

→ Ensure dust-free operation of the whole process of product assembly. special clean pressure test equipment, vacuum packaging of the valve machine.

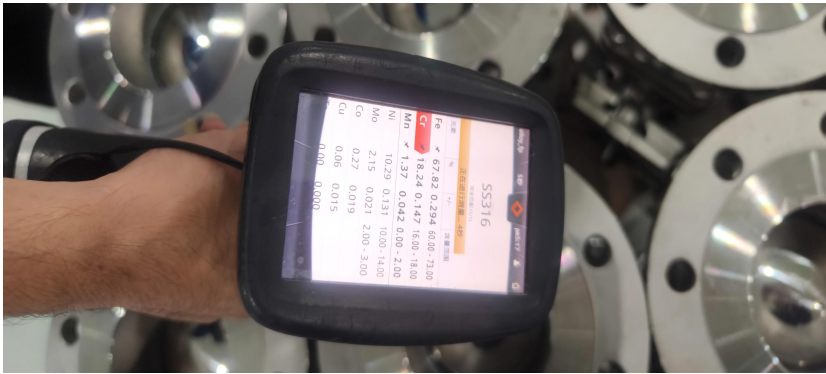

6S Management

3000 sets
Average daily production

Inspection&Test
