

# Stylus Pen

Dongguan Jiayao Intelligent  
Technology Co., Ltd.

## ABOUT US

Dongguan Jiayao Intelligent Technology Co., Ltd., established in 2018, is a high-tech enterprise specializing in the R&D, production, and sales of capacitive stylus pens. Based in Humen Town, Dongguan—a region with a robust electronics industry foundation—the company leverages local supply chain advantages to provide global customers with high-quality, high-performance, and cost-effective capacitive stylus products and customized solutions. We have deep expertise in the field of capacitive stylus technology, with core strengths in:

- **Focused R&D:** Dedicated to advancing stylus technology, ensuring precise writing experience, broad device compatibility, and cutting-edge functions such as tilt sensitivity.
- **Quality Manufacturing:** Equipped with automated production facilities and a strict quality control system to guarantee product reliability and high standards.
- **Flexible Customization:** Offers a wide range of product models and professional ODM/OEM services, supporting in-depth customization based on client requirements.

Our products are sold globally and widely used in online education, mobile office work, digital art creation, business presentations, and other fields. We are not only a reliable partner for many well-known digital accessory brands but also a trusted supplier for e-commerce sellers. Looking ahead, Xiaochuang Electronic will continue to drive innovation, prioritize customer needs, and pursue excellence in quality, striving to become a leading enterprise in the global digital writing industry.

## QUALITY CERTIFICATION

XC-E3-A

## Product parameters

Name: Active Capacitive Pen

Size: 9.0\*166mm

Color: White

Idle shutdown time: 60 minutes

Weight: about 16g

Material: aluminum alloy, baking paint

Pen nib: Apple original nib 1.5mm

Battery specification: 65650 230MAH

Working time: 45 hours

Charging time: 40 minutes

Compatible Use: For iPads released in 2018 and later

Pick-up-and-write function: Pick up and the light will turn on, and it will turn off after 30 seconds of being left idle

## Packaging details

Package size: 20.6\*6.5\*2.4cm

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

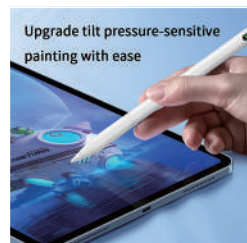

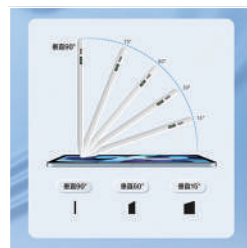

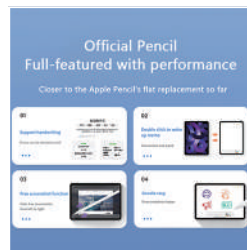

## Functional Features

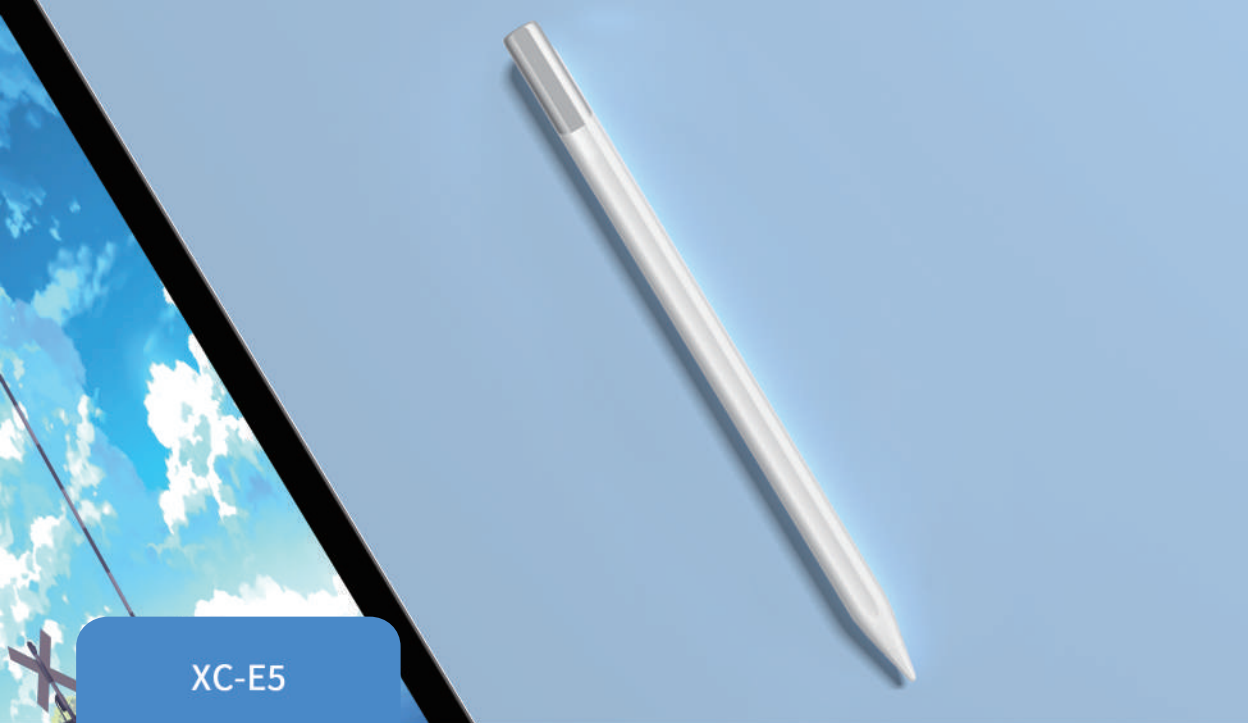

Rotating detachable

Official same model  
Active silent pen tip

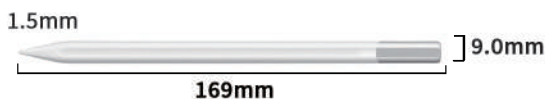

XC-E5

## Product parameters

Name: Active Capacitive Pen

Size: 9.0\*169mm

Color: White

Idle shutdown time: 60 minutes

Weight: about 16g

Material: aluminum alloy, baking paint

Pen nib: Apple original nib 1.5mm

Battery specification: 65650 230mAh

Working time: 45 hours

Charging time: 40 minutes

Compatible Use: For iPads released in 2018 and later

## Packaging details

Package size: 20.6\*6.5\*2.4cm

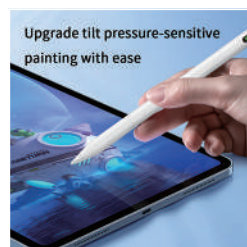

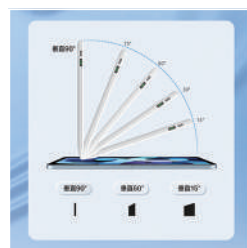

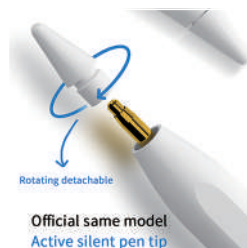

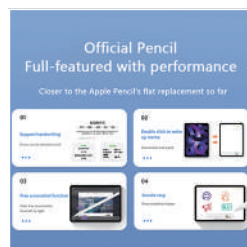

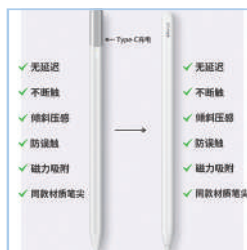

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

## Functional Features

## Product parameters

1.5mm

Name: Active Capacitive Pen

Size: 9.0\*169mm

Color: White

Compatible Use: For iPads released in 2018 and later

Pick-up-and-write function: Pick up and the light will turn on, and it will turn off after 30 seconds of being left idle

## Packaging details

Package size: 20.6\*6.5\*2.4cm

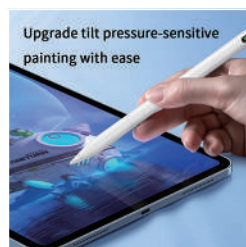

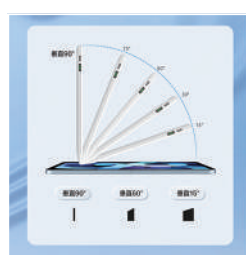

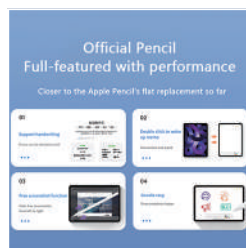

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

## Functional Features

## Product parameters

Name: Bluetooth magnetic charging models

Size: 9.0\* 166mm

Color: white

Weight: bare pen weight 13g

Material: aluminum alloy, baking paint

Nib: removable nib 1.5mm

Battery specification: 60400-90mah

Working time: 6 hours of continuous uninterrupted use

Charging time: magnetic charging 60 minutes full

Compatible with: for iPads released in 2018 and later

## Packaging details

Package size: 20.6\*6.5\*2.4cm

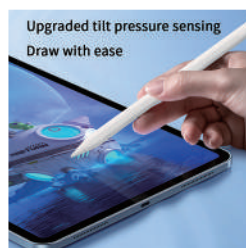

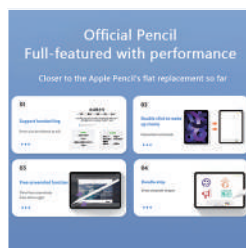

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

## Functional Features

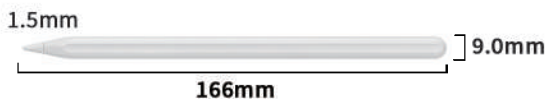

XC-W3-H

## Product parameters

Name: Wireless Charging Stylus Pen

Size: 9.0\*166mm

Color: white

Weight: about 13g

Material: high-strength engineering plastic, oil spray

Nib: Apple original nib 1.5mm

Shutdown time after standby: 5 minutes

Battery specifications: 60400-90mah

Working time: 12 hours

Charging time: magnetic charging 70 minutes full

Compatible use: Applicable to iPad tablets from 2018 and later

## Packaging details

Package size: 20.6\*6.5\*2.4cm

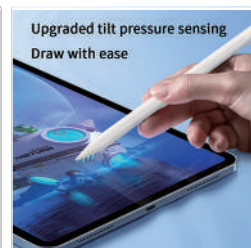

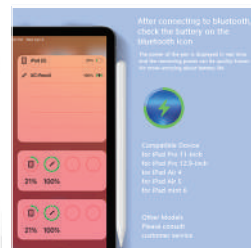

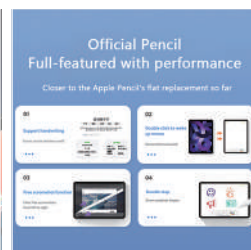

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

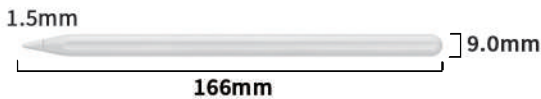

## Functional Features

XC-W5

## Product parameters

Name: Wireless Charging Stylus Pen

Size: 9.0\*166mm

Color: white

Weight: about 13g

Material: high-strength engineering plastic, oil spray

Nib: Apple original nib 1.5mm

Battery specifications: 60400-90mah

Working time: 10 hours

Charging time: magnetic charging 65 minutes full

Compatible use: only for iPads that support the original second-generation pen

## Packaging details

Package size: 20.6\*6.5\*2.4cm

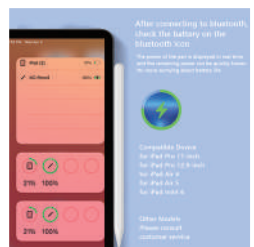

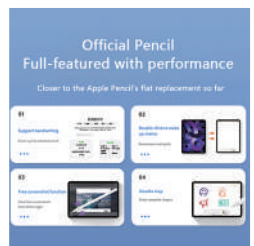

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

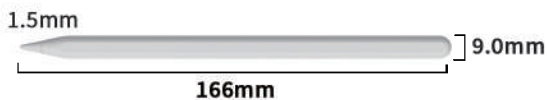

## Functional Features

## Product parameters

Name: Wireless Charging Stylus Pen

Size: 9.0\*166mm

Color: white

Weight: about 13g

Material: high-strength engineering plastic, oil spray

Nib: Apple original nib 1.5mm

Battery specifications: 60400 90MAH

Working time: 14 hours

Wireless charging via magnetic pad: 65 minutes

Compatible use: Applicable to iPad tablets from 2018 and later

## Packaging details

Package size: 20.6\*6.5\*2.4cm

Working time: 12 hours

Charging time: direct plug-in charging 30 minutes full

Compatible Use: For iPads released in 2018 and later

## Packaging details

Package size: 20.6\*6.5\*2.4cm

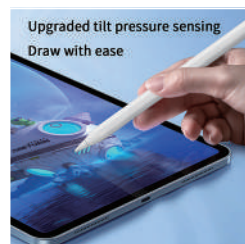

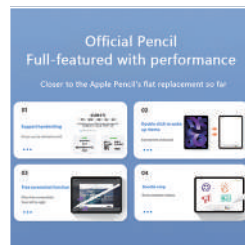

Package weight: 60g

Box dimensions: 695\*225\*270mm

Box weight: 7.0kg (100PCS)

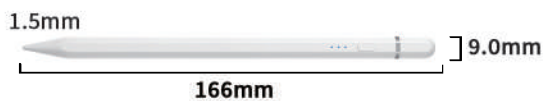

## Functional Features

## Product parameters

**Name:** Direct plug-in charging Tilt model capacitive pen

**Size:** 9.0\*166mm

**Color:** White

**Bluetooth:** Available/Optional without Bluetooth

**Weight:** about 15g

**Material:** aluminum alloy, baking paint

**Pen nib:** Apple original nib 1.5mm

**Battery specification:** 65500 165mAh

**Working time:** 13 hours

**Charging time:** direct plug-in charging 30 minutes full

**Compatible Use:** For iPads released in 2018 and later

## Packaging details

**Package size:** 20.6\*6.5\*2.4cm

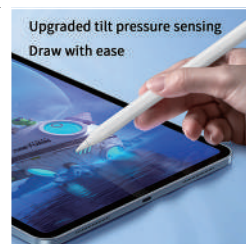

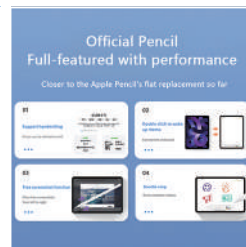

**Package weight:** 60g

**Box dimensions:** 695\*225\*270mm

**Box weight:** 7.0kg (100PCS)

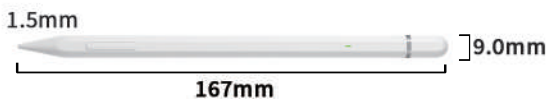

## Functional Features

## Product parameters

**Name:** Bluetooth direct plug charging models

**Size:** 9.0\*167mm

**Color:** White

**Weight:** about 16g

**Material:** aluminum alloy, baking paint

**Pen nib:** Apple original nib 1.5mm

**Battery specification:** 65500 165mAH

**Working time:** 12 hours

**Charging time:** 30 minutes Charging an iPad via the C port takes approximately 50 minutes Charging an iPad via the P port takes approximately 120 minutes

**Compatible Use:** For iPads released in 2018 and later

## Packaging details

**Package size:** 20.6\*6.5\*2.4cm

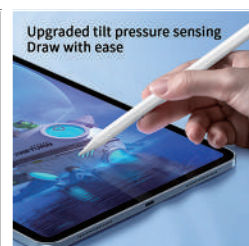

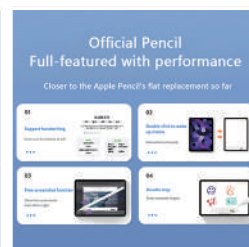

**Package weight:** 60g

**Box dimensions:** 695\*225\*270mm

**Box weight:** 7.0kg (100PCS)

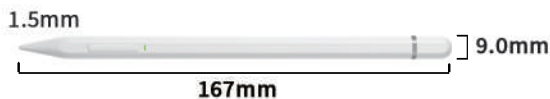

## Functional Features

## Product parameters

**Name:** Bluetooth direct plug charging models

**Size:** 9.0\*167mm

**Color:** White

**Bluetooth:** Available/Optional without Bluetooth

**Weight:** about 15g

**Material:** aluminum alloy, baking paint

**Pen nib:** Apple original nib 1.5mm

**Battery specification:** 65500 165mAh

**Working time:** 12hours

**Charging time:** 30 minutes

**Charging an iPad with a C port:** approximately 50 minutes

**Charging an iPad with a P port:** approximately 120 minutes

**Compatible Use:** For iPads released in 2018 and later

## Packaging details

**Package size:** 20.6\*6.5\*2.4cm

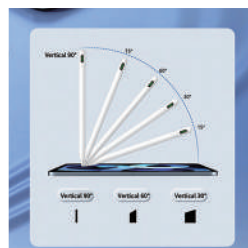

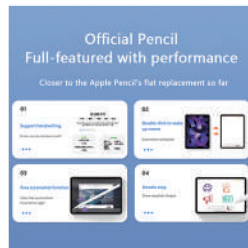

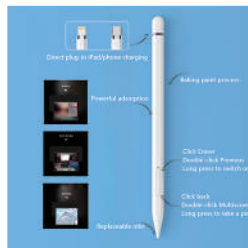

**Package weight:** 60g

**Box dimensions:** 695\*225\*270mm

**Box weight:** 7.0kg (100PCS)
