

Quanzhou Demin Spraying Code Technology Co., Ltd.

A factory that is dedicated to making inkjet printers

inkjet printers, cij inkjet printers, piezoelectric inkjet printers

Company Profile

A factory that does inkjet machines seriously

Ten years of coding engineer, quality service, 1000 stores worldwide

Accumulated service for 1000000+ enterprises

Spokesperson:

Ye huo lin

- Demin inkjet chief engineer
- Has a number of R & D patented products

Demin spray code

Demin Technology drives innovation in inkjet marking equipment. It operates through two subsidiaries: Quanzhou Demin Inkjet Technology Co., Ltd. Established for 8 years (industry veteran). Location: Nan'an, Quanzhou. Develops/manufactures intelligent inkjet printers (handheld, desktop, online, UV models). Advantages: Stability, cost-effectiveness, user-friendliness. Serves global markets across multiple industries. Jiangxi Demin Intelligent Technology Co., Ltd. New venture (2025) backed by Ganzhou Economic Development Zone (¥100M investment). Location: Ganzhou Blockchain Digital Industry Park (1,200 m² facility). Focus: Manufacturing intelligent/laser inkjet printers and R&D for traceability solutions. Mission: Enable AI-driven digital upgrades for production processes. Company-wide strengths: National sales/service network (Hubei, Fujian, Zhejiang, Guangdong, Sichuan). Direct technical support and rapid after-sales service. Core vision: To be the dedicated inkjet printer manufacturer.

Founder's Introduction

CEO&Founder

Yehuolin - Yehuolin

Demin Inkjet Printing - Chief Engineer

Has obtained multiple national patents

Lead instructor of Demin Training Institute

A senior technician with 9 years of experience in the inkjet printing industry

A 95-year-old entrepreneur who is dedicated to making inkjet printers

A down-to-earth and capable young person who dares to dream and act

General Manager of Jiangxi Demin Intelligent Technology Co., Ltd.

Founder of Quanzhou Demin Inkjet Printing Technology Co., Ltd.

Proficient in Marketing Product Research and Development Technology

Development history

Early-stage

I resigned from Alibaba to start my own business. In October 2017, I established a company in Quanzhou and began selling inkjet printers

2017

Two people work in a 66 square meter shop and establish the Demin brand, emphasizing the brand's pursuit of quality and innovation with the motto of "putting morality first, moving forward with agility".

The birth of the Demin brand

Work diligently

Using the mindset of young people to create products and enhance user experience, we plan to seriously improve the category of inkjet printers.

Launched Tij online inkjet printer, expanded office area to 200 square meters, team size of 11 people, and established a branch in Shanghai in June.

2019

With the outbreak of the epidemic and lockdowns in various regions, inkjet printers have become hot selling products, with sales increasing by 200% year-on-year. Opened up overseas markets, developed over 100 overseas distributors, and settled on Alibaba International Cross border E-commerce Platform.

Growing up in adversity

sustainable development

The office space has been expanded again to 600 square meters and our own research and development production workshop has been established. We are starting to develop a new M-series handheld inkjet printer, which sells well both domestically and internationally.

2021

The M-series handheld inkjet printer has been officially launched, confirming its brand positioning and targeting the mid to high end market. It has also applied for multiple national patents and continues to expand its team. And we have developed multiple directly operated stores in China, continuing to increase investment in product research and development.

Continuously innovating

Explore new markets

In March, the factory area was further expanded by selecting the Xiamei Photovoltaic Base with a usable area of 850 square meters. In March of the same year, a branch was established in Ganzhou to further expand nationwide, and in June, a branch was established in Tianjin to provide faster customer service and respond to customer needs. Brand influence is expanding again.

2023

The S series online machine has been further optimized and upgraded to launch desktop inkjet printers and various paging machines. We have developed the T series handheld inkjet printer. In May, Jiangxi Normal University brought a backbone team to our company to establish a talent collaborative training base and launch the world's first die-casting aluminum integrated molding handheld inkjet printer.

Innovate and expand products

Set sail again

In March, our company signed a contract with the government of Ganzhou Economic Development Zone to settle in Ganzhou Blockchain Industrial Park and invest in establishing a new production base. Focus on new intelligent coding machines and laser coding machines. The first piezoelectric inkjet printer developed and produced in Ganzhou in May was put into mass production and launched on the market.

Internal close-up of the company

Team Introduction

A young, energetic, and motivated team
More than 90% of them are post-95s
Face difficulties head-on and never give up
Ace Legion, lightning response for after-sales service
Youth is the label, reliability is the background color
Original intention remains unchanged, grow together,
unite and work together in a new chapter!

service tenet

Whenever there is an explanation

Each item has been implemented

Everything has a response

Culture and Honor

PART
01

Jiangxi Demin Intelligent Technology Co., Ltd
Quanzhou Demin Inkjet Technology Co., Ltd

Our advantages

Support the growth of distributors

Our products not only need to be good, but also to enable distributors to grow together, make money together, and achieve a win-win situation. Our company has the most comprehensive range of pictures/videos, and all shared products can be put on the shelves without any worries

A factory that diligently produces inkjet printers

Deeply cultivating the industry for 8 years, continuously innovating and providing high-quality products and services. Over the course of 8 years, we have devoted ourselves to the 3 fundamental guarantees of product innovation, stable quality, and after-sales service, leading the development of the industry.

After-sale service

The Demin brand always adheres to the service concept of "customer first", with a professional, efficient, and thoughtful after-sales service system. Your production line does not stop, it is our mission. 90%+95s technical elite, 24-hour online escort

Diverse product types

The product range is diverse, covering various industries and various application scenarios of labels. There is always an intelligent inkjet printer suitable for you.

8 years of deep cultivation x young team x high-quality service= 0 anxiety on your production line

Certificate

Strength Certification

Study Wang Yangming's Mind Philosophy

成功是从一件小事开始的

心外无物，心外无理

破山中贼易，破心中贼难。

知命者不怨天，知己者不怨人

志不立，天下无可成之事

在德敏请相信你付出的每一份努力，都将获得回报

此心不动，随机而动

DEMIN 德敏 一切顺其自然，冥冥之中，自有安排

DEMIN INKJET 德敏喷码

明德思想家·心学集大成者—王阳明

心外无物、立志要专一

得之坦然，失之淡然，争其必然，顺其自然

欲成大事，必先修心 天下本无事，在人自扰之

DEMIN 德敏 心即理，知行合一，致良知。

仁者以天地万物为一体

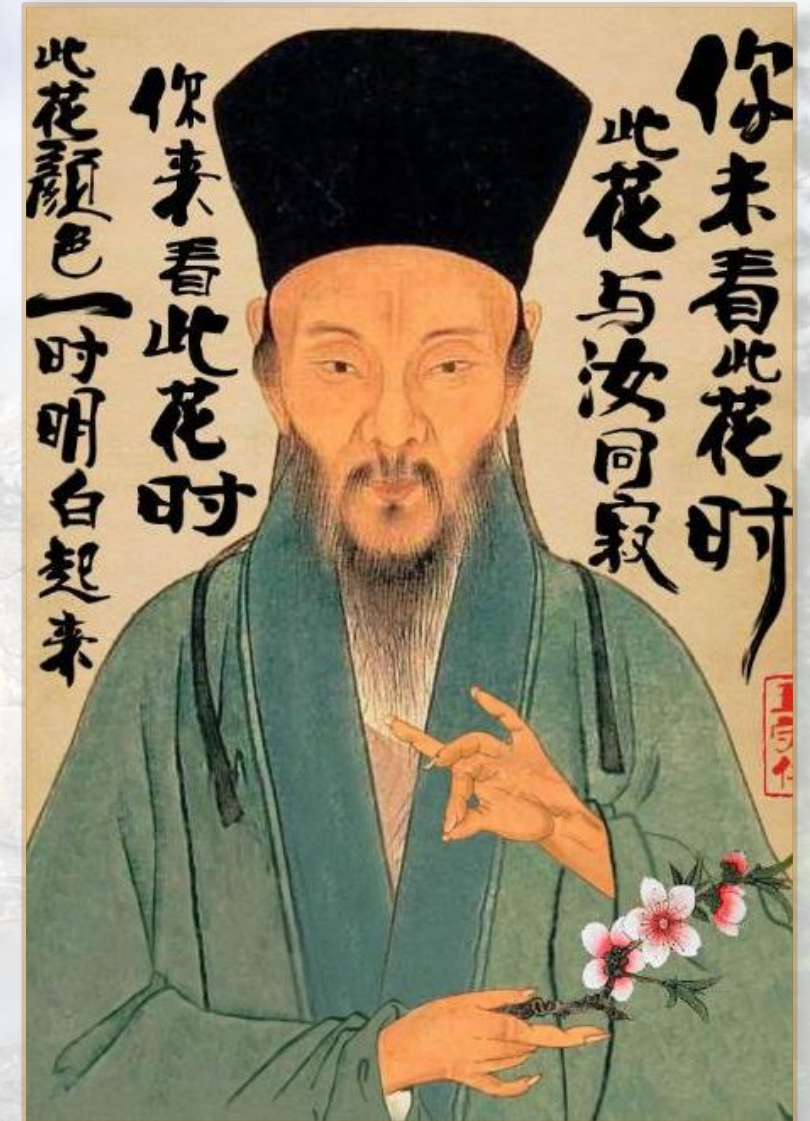

DEMIN 德敏 情绪稳定，是一个人的顶级修养

挫折是增长见识的机会，即使有困难，也要勇敢面对

做一件事情，得失心越重，心就越累

人须在事上磨，方立得住，方能静亦定，动亦定

To cultivate the mind inwardly and achieve success outwardly, all members should study Wang Yangming's philosophy together to achieve team execution, cultivate the rhythm of the heart, know the unity of the heart, and the enterprise should be guided by conscience, unify the original heart, and have mutual trust and responsibility. A team of people who are confident in their hearts, do things diligently, and have a sense of responsibility. Build a responsible, dedicated, honest, and responsible team. To better serve our customers and make exquisite products.

Eight after-sales services

1. One-year warranty for the entire machine (excluding nozzles and ink consumables)

Although the machine has a one-year warranty, the service is lifelong.

2. 24-hour after-sales consulting service

Full-day pre-sales and after-sales service support

3. 3-minute rapid response service

The group includes technicians, sales staff and after-sales support. We will reply to your questions within 3 minutes.

4. Multi-to-one group building service

Establish a WeChat exclusive service group, technical + sales + after-sales service

5. Priority supply and guarantee of consumables and accessories

We will ensure the priority supply of consumables and send them via SF Express.

6. Regular follow-up, equipment usage status

Sales should visit customers regularly to ensure the machine is running normally.

7. Free software upgrade and update service

Old customers get priority access to software updates and free access to new features.

8. The teaching video is fully recorded and can be sent all at once.

Videos have been recorded from assembly to debugging and maintenance.

Trust me

Take simple things seriously

Our Advantageous Products

Full Series Inkjet Printers

Demin M10S handheld inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	4.3-inch capacitive screen
Printing distance	2-5mm is optimal
External Interface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages, Bluetooth communication, built-in encoder

Demin M20S handheld inkjet printer

Printing height	2-25.4mm
Printing accuracy	300-600dpi
screen size	4.3-inch capacitive screen
Printing distance	2-5mm is optimal
External Interface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages, Bluetooth communication, built-in encoder

Demin M10 handheld inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	4.3-inch capacitive screen
Printing distance	2-5mm is optimal
External Interface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages, Bluetooth communication, built-in encoder

Demin M20 handheld inkjet printer

Printing height	2-25.4mm
Printing accuracy	300-600dpi
screen size	4.3-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages, Bluetooth communication, built-in encoder

Demin T1 Mini Inkjet Printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	2.8-inch resistive screen
Printing distance	2-5mm is optimal
ExternalInterface	Tyep-c
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
anguage	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages suitable for printing small products with uneven surfaces

Demin T10 handheld inkjet printer

Printing height	2-12.7mm/2-25.4mm
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Domestic chips support printing in multiple languages, with a maximum length of 1 meter

Demin D10 handheld inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing mater ial	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Domestic chips support multiple languages and Bluetooth function

Demin MX3 handheld inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	Iron+ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Domestic chips support multiple languages and Bluetooth function

Demin T3 handheld inkjet printer

Printing height	2-25.4mm
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	Iron+ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Domestic chips support multiple languages and Bluetooth function

Demin T50 handheld inkjet printer

Double head splicing supports multiple languages and Bluetooth function

Printing height	2-50mm (25.4+25.4)
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	Iron+ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin H10 handheld inkjet printer

Double head splicing supports multiple languages and Bluetooth function

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	Iron+ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin H20 handheld inkjet printer

Double head splicing supports multiple languages and Bluetooth function

Printing height	2-25.4mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	Iron+ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin H50 handheld inkjet printer

Double head splicing supports multiple languages and Bluetooth function

Printing height	2-50mm (25.4+25.4)
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	1500mah
Shell material	Iron+ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin M100 handheld inkjet printer

Four head splicing supports multiple languages and Bluetooth function

Printing height	2-100mm (25.4*4)
Printing accuracy	300-600dpi
screen size	7-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Battery capacity	2500mah
Shell material	ABS
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin T110 online inkjet printer

Supports multiple languages, compact, efficient, cheap and easy to use

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB
operating system	Self developed Machine OS operating system
master chip	GD32G5 (China)
PRINT SPEED	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin T110S online inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB
operating system	Self developed Machine OS operating system
master chip	HB3582 (China HiSilicon)
PRINT SPEED	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages, compact and efficient, with strong stability

Demin L10 online inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	K13 (China HiSilicon)
PRINT SPEED	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Support multi language, cost-effective capacitive touch screen

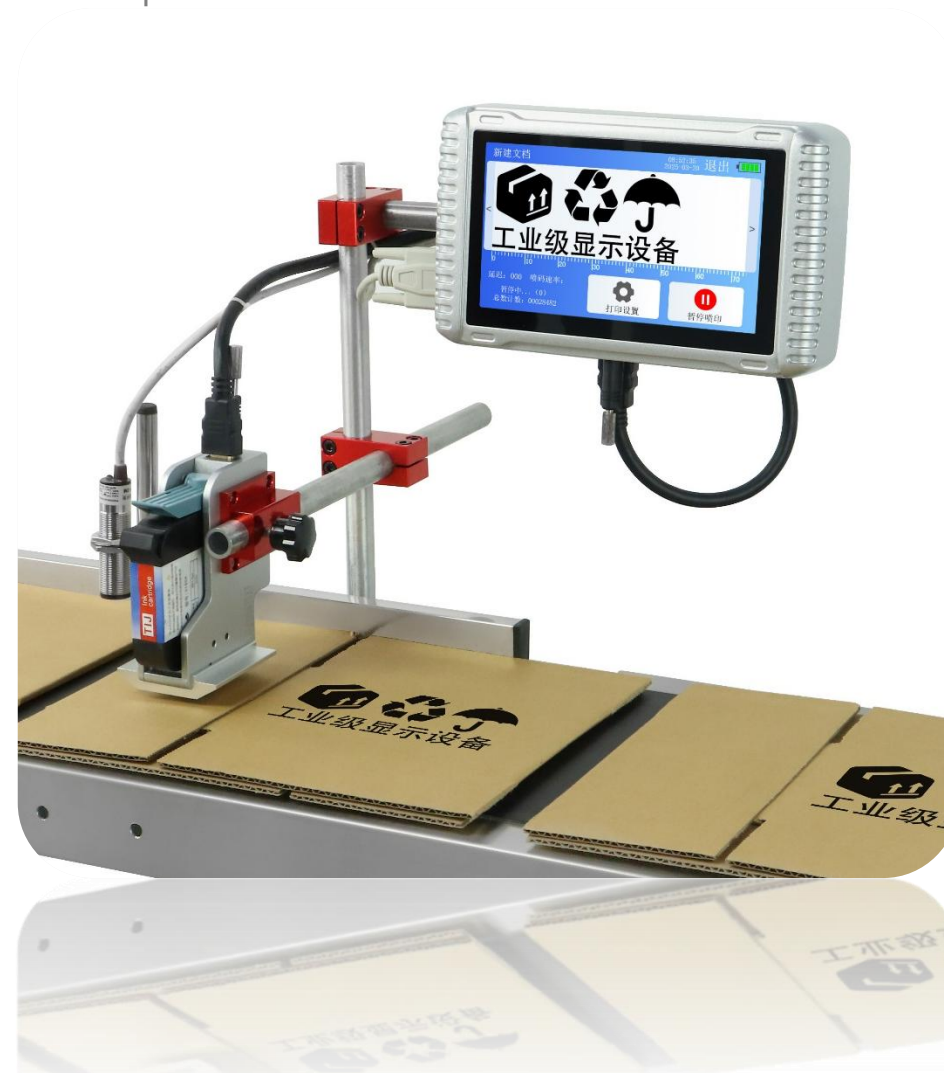

Demin L20 online inkjet printer

Printing height	2-25.4mm
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	K13 (China HiSilicon)
PRINT SPEED	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Support multi language, cost-effective capacitive touch screen

Demin S10 online inkjet printer

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	ARM Cortex-M (NXP, USA)
PRINT SPEED	120 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages and RS232 communication with strong stability

Demin S20 online inkjet printer

Supports multiple languages and RS232 communication with strong stability

Printing height	2-25.4mm
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	ARM Cortex-M (NXP, USA)
PRINT SPEED	120 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin S10-2 online inkjet printer

Printing height	2-25.4mm (12.7+12.7)
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	ARM Cortex-M (NXP, USA)
PRINT SPEED	120 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Supports multiple languages and RS232 communication with strong stability

Demin S20-2 online inkjet printer

Supports multiple languages and RS232 communication with strong stability

Printing height	2-50mm (25.4+25.4)
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	ARM Cortex-M (NXP, USA)
PRINT SPEED	120 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin S10-4 online inkjet printer

Supports multiple languages and RS232 communication with strong stability

Printing height	2-50mm (12.7*4)
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	ARM Cortex-M (NXP, USA)
PRINT SPEED	120m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin S20-4 online inkjet printer

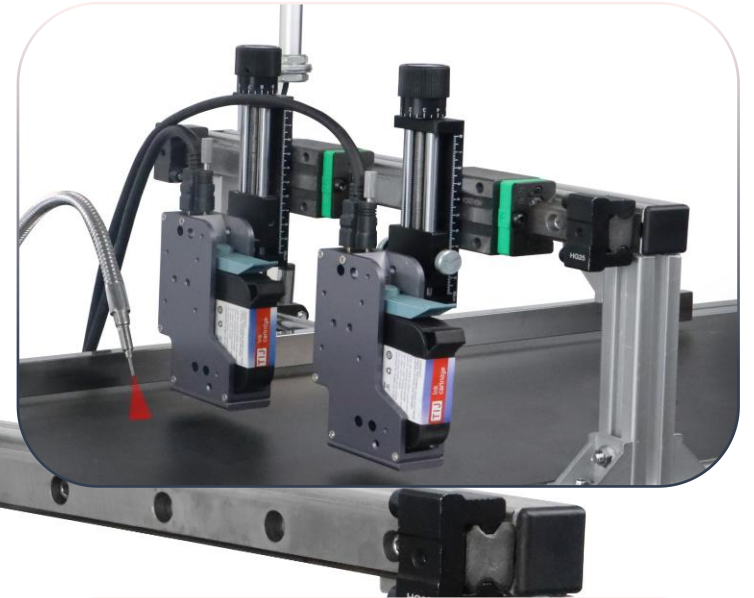

Supports multiple languages and RS232 communication with strong stability

Printing height	2-100mm (25.4*4)
Printing accuracy	300-600dpi
screen size	7-inch capacitive screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
master chip	ARM Cortex-M (NXP, USA)
PRINT SPEED	120m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printingcontent	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Up to six nozzle modular combinations are possible

Demin G12 desktop inkjet printer

Printing height	2-12.7mm/25.4mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB
operating system	Self developed Machine OS operating system
master chip	HB3582 (China HiSilicon)
Spray printing length	100mm
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Desktop nozzle mobile product does not move, precise printing

Demin XY110 egg coding machine

Printing height	2-12.7mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB
operating system	Self developed Machine OS operating system
master chip	HB3582 (China HiSilicon)
PRINT SPEED	11 seconds per tray (30 eggs)
Ink type	Food grade (with testing report)
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Stepper motor XY axis sliding precise printing

Demin S10-6D egg coding machine

Printing height	2-12.7mm(12.7*6)
Printing accuracy	300-600dpi
screen size	7-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB
operating system	Self developed Machine OS operating system
master chip	HB3582 (China HiSilicon)
Printing speed	6 seconds per tray (30 eggs)
Ink type	Food grade (with testing report)
language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Six head egg coding machine doubles efficiency and automates printing

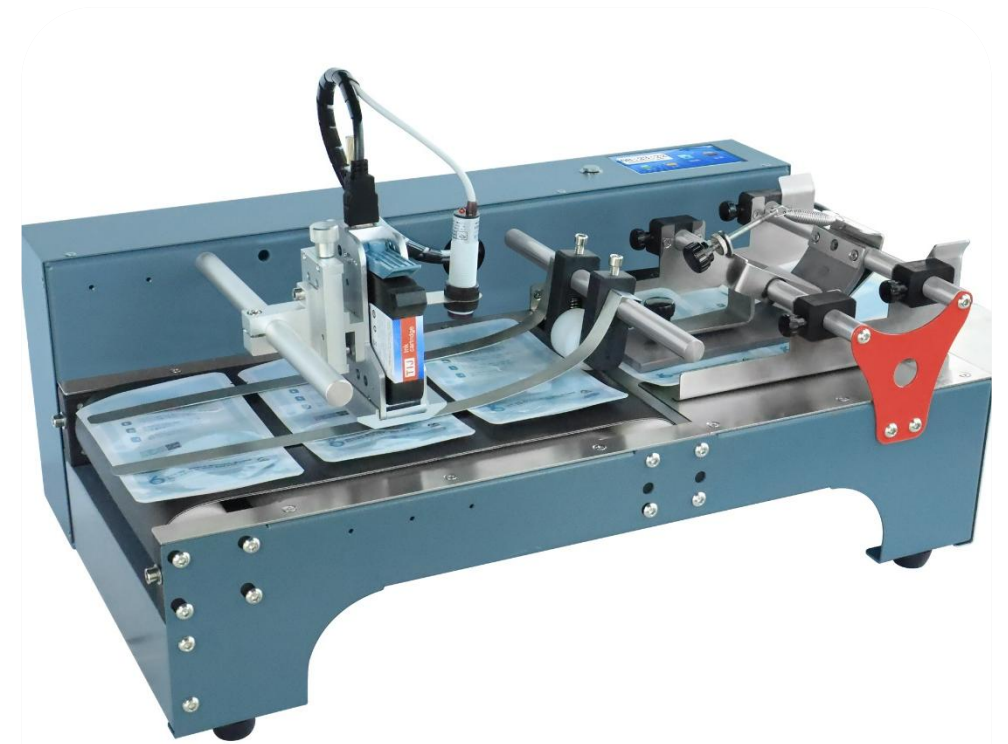

Demin T110-FY paging inkjet printer

Printing height	2-12.7mm/25.4mm
Printing accuracy	300-600dpi
screen size	4.3-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	DB9 interface USB
operating system	Self developed Machine OS operating system
Page width	8-200mm
Printing speed	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
Language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Suitable type	Plastic bags, cards, copperplate paper, etc

Desktop small pagination inkjet printer

Demin T110-HG paging inkjet printer

Printing height	2-12.7mm/25.4mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Page width	4-290mm
Printing speed	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
Language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Suitable type	Small card, certificate of conformity, small label, small bag

Desktop small label paging machine preferred for printing certificate of conformity

Demin C110 Conveyor Inkjet Machine

Printing height	2-12.7mm/25.4mm
Printing accuracy	300-600dpi
screen size	5-inch touch screen
Printing distance	2-5mm is optimal
ExternalInterface	Sensor interface USB
operating system	Self developed Machine OS operating system
Conveyor size	14.5cm*60cm*19cm
Printing speed	60 m/min
Ink type	Food grade/water-based/oil-based/UV ink/42ml ink cartridge
Language	29 languages including Chinese, English, Korean, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Suitable type	Printing of smaller products such as small packages and bottles

Desktop small coding conveyor integrated machine

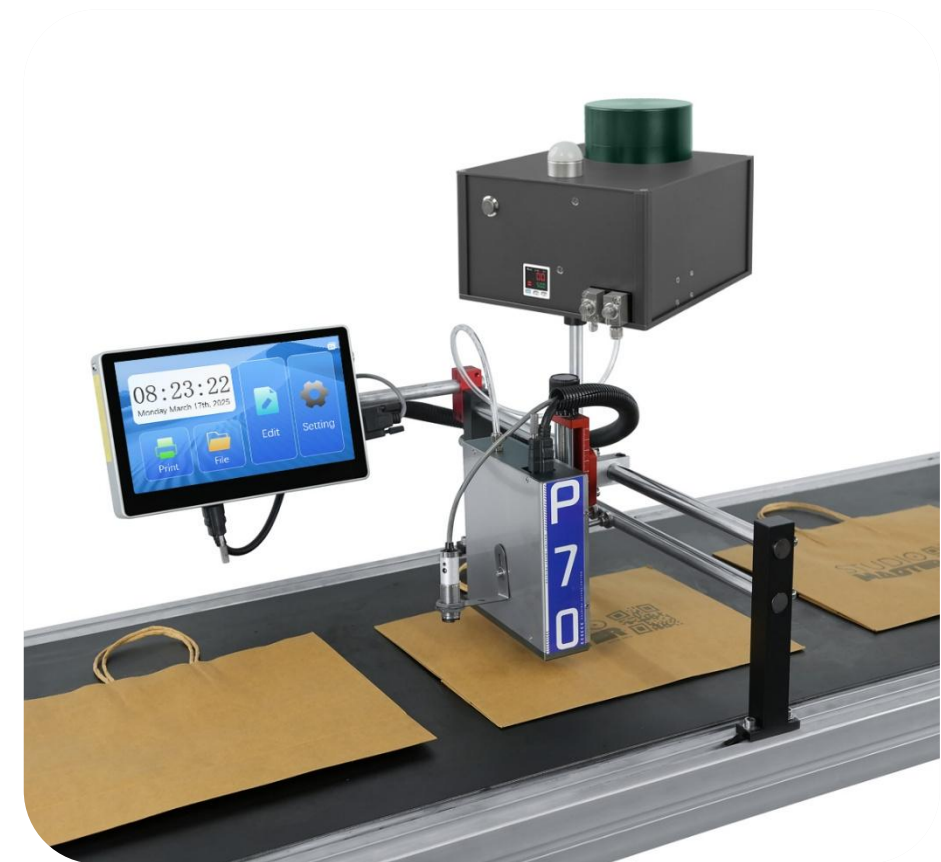

Demin P70 piezoelectric inkjet printer

Printing height	2-71.8mm
Printing accuracy	180dpi
screen size	7-inch capacitive screen
Printing distance	2-10mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
Conveyor size	ARM Cortex-M (NXP, USA)
PRINT SPEED	100 m/min
Ink type	Water/oil/UV ink/250ml ink cartridge
Language	Languages such as Chinese, English, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Seiko 510 Large Character 71.8mm
Ink/UV Ink

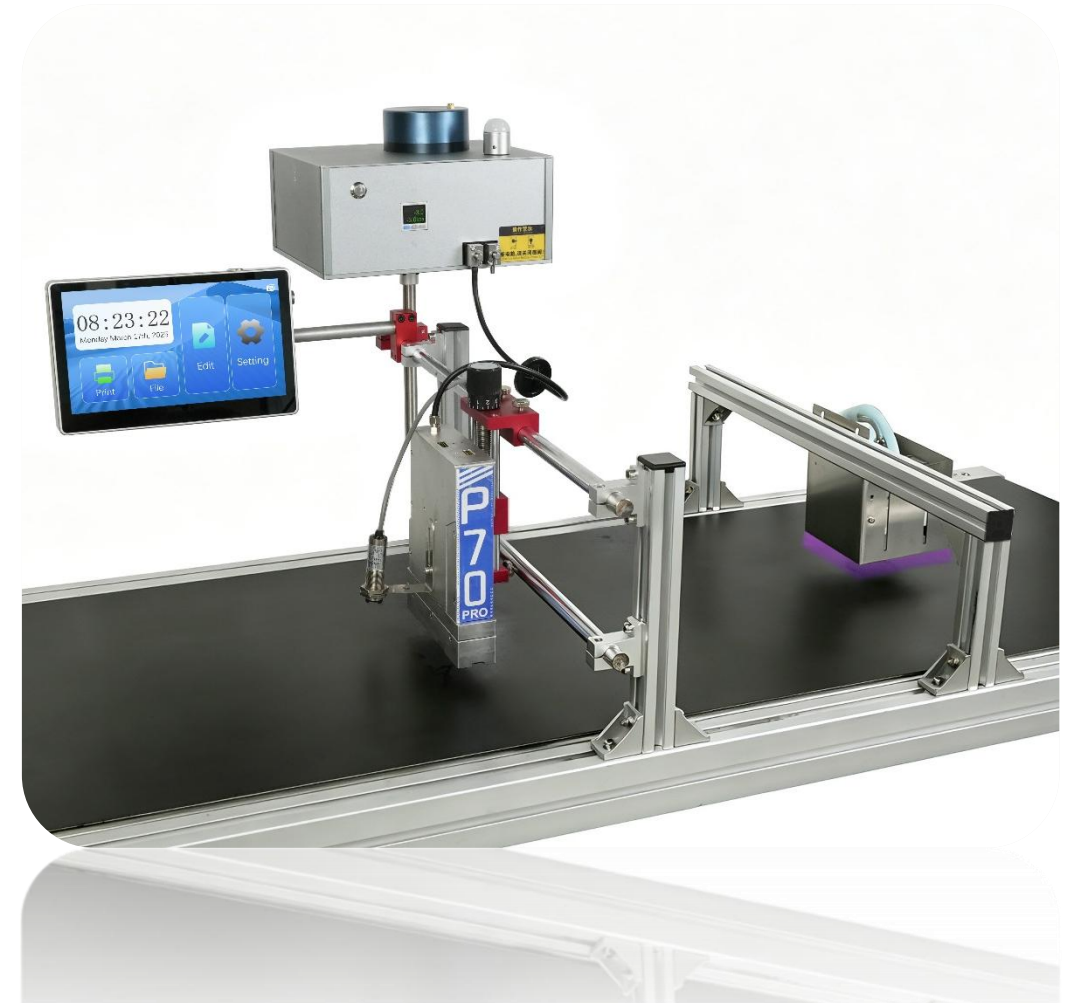

Demin P70pro piezoelectric inkjet printer

Printing height	2-71.8mm
Printing accuracy	360dpi
screen size	10-inch capacitive screen
Printing distance	2-10mm is optimal
ExternalInterface	DB9 interface USB、RS232
operating system	Self developed Machine OS operating system
Conveyor size	ARM Cortex-M (NXP, USA)
PRINT SPEED	100 m/min
Ink type	Water/oil/UV ink/250ml ink cartridge
Language	Languages such as Chinese, English, Russian, Arabic, etc
Spray printing content	Chinese and English characters/dynamic QR codes/barcodes/graphics/serial numbers/dates/variable databases, etc
Spray printing material	Industrial packaging of wooden boards/plastics/metals/cardboard boxes/concrete/copperplate paper/textiles, etc

Demin S200+ CIJ Printer

Font size	2-18mm
Nozzle	60μ
screen size	10-inch capacitive touchscreen
Distance	2-30mm
interface	DB9/USB/RS232/net gape
Operating System	Linux
chip	TI AM3358 (NXP)
Speed	411m/min
ink	Anti-migration, high-temperature resistant, highly adhesive solvent-drying ink
Power	110-240v AC
Language	English/Russian/Arabic/Korean/29 language
Content	TXT / QR code / Barcode / Graphic / Serial number / Date / Variable database, etc.
Size	2000mm*470mm*750mm

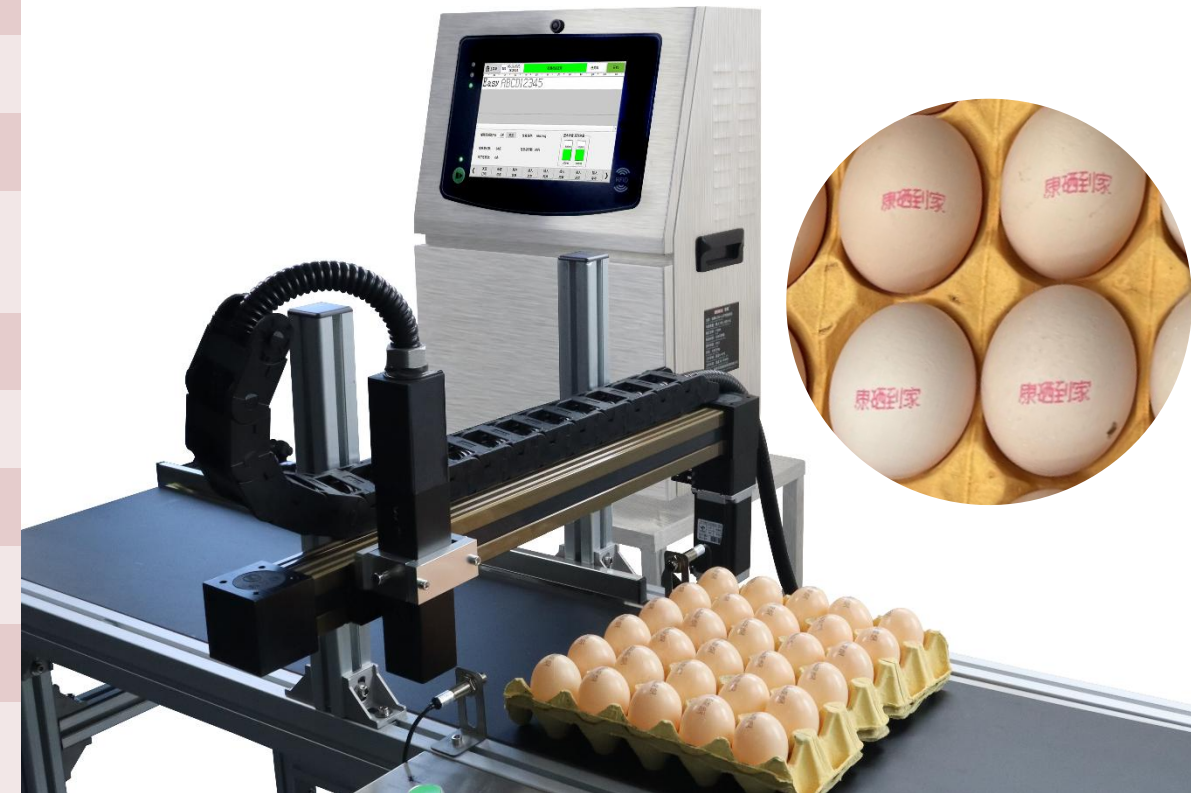

S200+XY Egg coding machine

Font size	2-18mm
Nozzle	60μ
screen size	10-inch capacitive touchscreen
Distance	2-30mm
interface	DB9/USB/RS232/net gape
Operating System	Linux
chip	TI AM3358 (NXP)
Speed	411m/min
ink	Food-grade red ink
Power	110-240v AC
Language	English/Russian/Arabic/Korean/29 language
Content	TXT / QR code / Barcode / Graphic / Serial number / Date / Variable database, etc.
Size	2000mm*470mm*750mm

Intermittent egg inkjet printer, inkjet printing and cleaning, food-grade ink

Demin P128 Piezoelectric Inkjet Printer

Printing height	2-17mm
printing accuracy	360dpi
screen size	10-inch capacitive screen
Printing distance	2-5mm
External interface	DB9、USB、RS232
operating system	Machine OS
Conveyor size	ARM Cortex-M (USA NXP)
Printing speed	60m/min
Ink type	Water-based/Oil-based/UV ink/500ml/bottle
Language	Chinese, English, Russian, Arabic, etc. languages
Spray printing content	Chinese characters / dynamic QR codes / barcodes / graphics / serial numbers / dates / variable databases, etc.
Spray printing material	Wooden boards / plastic / metal / cardboard / concrete / coated paper / textiles, etc. - industrialized packaging

Sear 128 Piezoelectric 17mm Ink/Oil-based UV/Cure Ink

Dark code anti-counterfeiting technology

Infrared holographic anti-counterfeiting

Infrared holographic anti-counterfeiting is a technology that differs from common ultraviolet light development techniques. Specific band development technology, combined with developed development instruments for development.

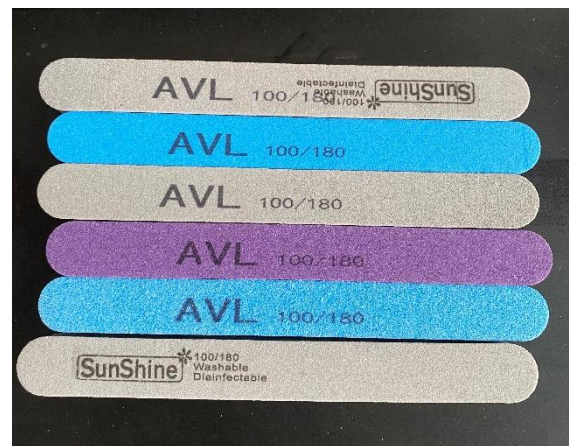

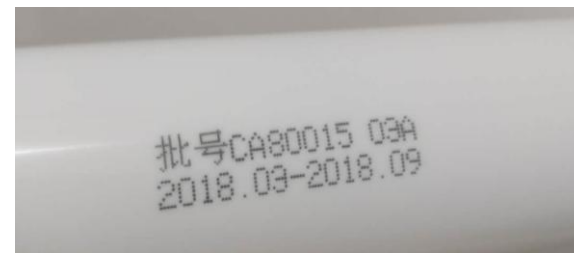

UV anti-counterfeiting

UV anti-counterfeiting is a type of product that can be seen hidden inside through UV light. Fluorescent layer is used to achieve identification, which can generally be detected using a purple light lamp.

replace

DEMIN

Using HP 45 ink cartridges, fast drying ink, fast drying speed, no color fading, water resistance and other excellent features, the nozzle adopts an integrated design with the ink cartridge, which will not cause ink blockage even when exposed to air. Integrate HP original imported printing engine to achieve higher printing quality at a lower cost. Detachable design, more convenient to use.

Self developed operating system

DEMIN

**Master the core technology of
self-developed operating system**

Experienced engineers personally
experience and create

With a professional R&D team and three years of experience, we have developed an exclusive operating system for inkjet printers. This system effectively connects inkjet printers with various production lines, achieving real-time communication and hardware interconnection, and providing information printing communication and control. Intelligent customized operating system to meet the production coding requirements of various industries.

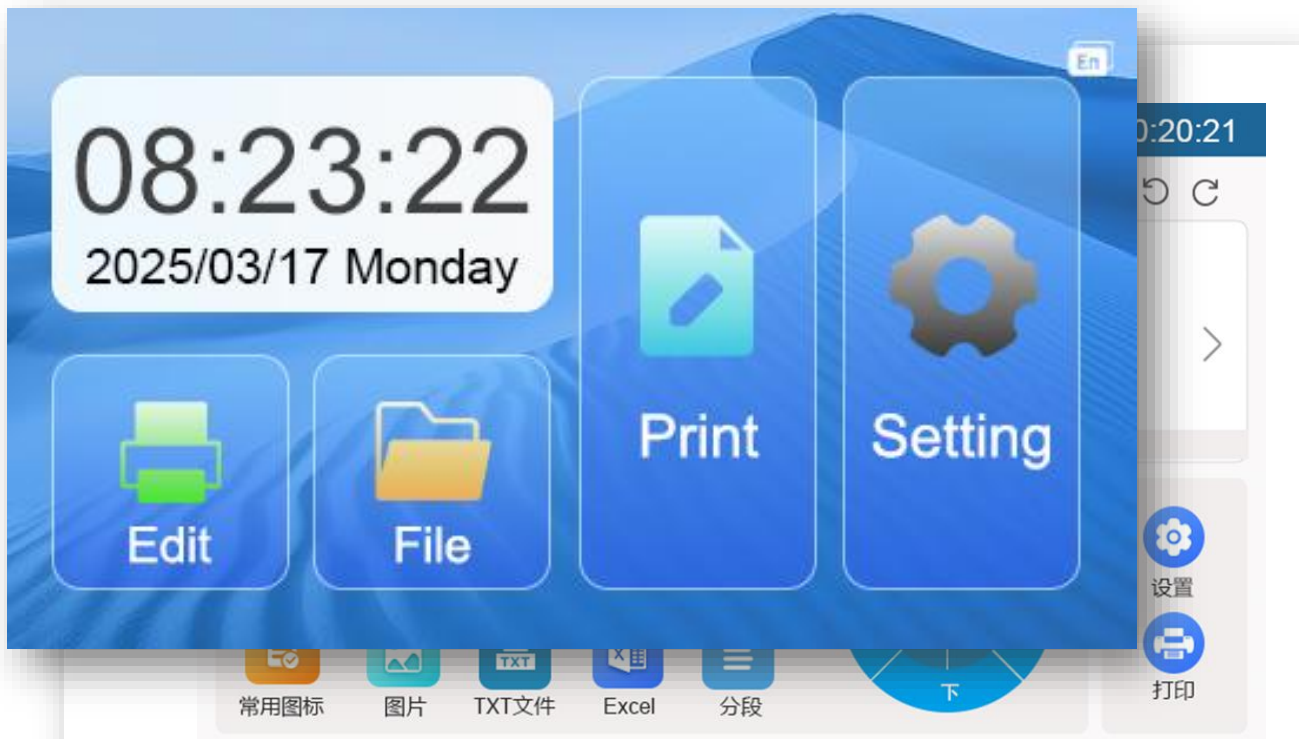

OTA upgrade

Internet of Everything

Personalized customization

Humanization of software

The boss personally drew a user-friendly UI interface

Make it easy to use

Features

Supports Bluetooth communication TXT、Excel、GS1、 Multiple functions including data extraction, handwriting input, external font import, Julian day, round-trip printing, fixed distance printing, anti-interference, seamless printing, flash printing, etc

OEM customized services

Join hands with dealers to create your own brand, customize a set of exclusive UI interface for dealers, and grow together

Functional development

Develop a complete solution for inkjet printers, don't panic when encountering difficulties, find engineers from Demin to customize unique features for your company

Widely applied in various industries

Based on the flexibility of the machine, the compact and convenient characteristics of the body, and the variety of colors to choose from, the machine can be applied to a wide range of industries such as sheet metal, cardboard boxes, stone, pipes, cables, metals, plastics, glass, and others.

Deep customization service

Boot screen

Customize the startup screen with the MOQ of 1 unit. Every agent can create their own branded inkjet printer

ID control

Divide the machine into regions, each agent can have their own independent ID, and consumables are guaranteed

Function development

Special applications and features can be customized to meet the needs of different user groups

Processing

You provide the shell, we are responsible for assembling it and making the product according to your needs

Customized services

OEM&ODM

Customize your own brand

Accessories around the inkjet printer
